SHOULD MAKE NEW SCHOOL DISTRICT HERE BEST IN STATE

Speaking this morning over WGET on "School District Reorganization," Assistant County Superintendent of Schools George B. Inskip described it as a subject that is "controversial but of vital interest to all."

"My concern," he said, "is for a better understanding of the facts and that, after the pros and cons have been discussed, we work together to make the Adams County schools the best in the state and nation."

As he concluded, he said: "We are proud of our present schools and of the students who are enrolled in them. As citizens, we should try to make this new district the very best in the state. Our future in America will be invested in this new school district for our economic level depends upon our educational achievements."

VALID ARGUMENTS

Noting that the state Board of Education ordered last month that all public school districts of the county, except for McSherrystown and Conewago Twp., be merged into a single district for administrative purposes by July 1, 1966, he said:

"Many arguments for and against the establishment of Adams County as a single school district have been advanced. I certainly believe both sides have valid arguments. . . . I have long since been a proponent of the local school as my record indicates. My concern would be great today if there were any indication of a threat to our present high school and elementary centers. I believe that those centers will continue to give the best education to our boys and girls as well as serve the community in which they are located. It would be a great cultural loss if we were to lose these centers."

"There are stories circulating in the county that we will have one county high school and that present high schools will be used for elementary schools. This assumption has no basis under the Reorganization Act. In many districts the school boards are operating a number of elementary schools. In the larger district the school board will operate a number of high schools. In the standards for school district reorganization, Regulation No. 1, adopted by the state Board of Education on November 6, 1963, I quote: 'Planning shall involve a reasonable use of existing school facilities, avoiding unnecessary new construction.'

"MAY BE BEST"

Mr. Inskip also noted that the order received by the County Board last week from Harrisburg to establish the new school district provides for the continuance of all

PRIEST DROPS OPPOSITION TO MASS CHANGES

BALTIMORE (AP) — A Roman Catholic priest Wednesday submitted to an order from Lawrence Cardinal Shehan and announced he was dropping his public opposition to changes in church liturgy.

The priest, the Rev. Dr. Gomar A. De Pauw, has been a prime mover in the newly-formed Catholic Traditionalist Movement.

The movement recently made public a manifesto criticizing substitution of national languages for Latin in church services and said it opposed compromise with Protestants on Christian doctrine.

21-MINUTE TALK

Cardinal Shehan first ordered Rev. Fr. De Pauw to withdraw from the movement in a special delivery letter received Wednesday at Mt. St. Mary's Seminary, Emmitsburg, where Fr. De Pauw teaches canon law.

Later Fr. De Pauw went to Baltimore for a 21-minute audience with Cardinal Shehan in the archdiocesan rectory. Bishop T. Austin Murphy, auxiliary archbishop, said after the face to face confrontation: "I am pleased to announce that . . . Father De Pauw in a spirit of loyalty to his lawful superior declared his acceptance of the Cardinal's directive."

"Growing Up" To Be Discussion Theme

"Growing Up in the World" will be the theme for a series of discussion sessions on the preschool child and the elementary school child scheduled to be held for the county's home-makers by the county Agricultural Extension Association.

Mrs. Helen D. Tunison, extension home economist, said Mrs. Marguerite Duvall, specialist in child development and family life, will be the speaker at the first meeting to be held Tuesday evening at 7:30 o'clock in the extension office, 111 Baltimore St.

PAY INCREASES ARE ORDERED BY N. O. SCHOOL

New Oxford Area School District directors Wednesday evening raised the salaries of the office personnel, set the wage for part-time office help and engaged two teachers for the 1965-66 term.

Mrs. Romaine Orndorff and Miss Dorothy Baugher, office secretaries, will receive salary increases of \$150 a year, retroactive to April 1, bringing their salaries to \$3,750 a year. Part-time office help will be paid at the rate of \$1.25 an hour and the administrators were authorized to employ additional help as needed. The board also voted to pay Ellis Deviney, athletic coach, an additional \$200 a year.

EMPLOY COUPLE

The board elected Lynn R. and Catherine Gault to the teaching staff in September at salaries of \$4,500 each. The couple will graduate from Shippensburg State College in June. Mr. Gault will join the high school faculty and Mrs. Gault will teach in the elementary school.

The board accepted the resignations of Mrs. Vivian Hamm, who will retire at the end of the term from the elementary staff, and Mrs. Patricia R. Hall, who has accepted a teaching position in the Gettysburg School system. PLEADS GUILTY IN FRAUD CASE

Harry E. Carbaugh Jr., Waynesboro, posted \$1,000 bail to appear in court after signing a plea of guilty before Justice of the Peace Robert P. Snyder to a charge of false pretense.

Carbaugh was arrested Tuesday by police at Hagerstown and brought here Wednesday by Constable Oliver Sanders. According to the complaint before the justice, Carbaugh is alleged to have stolen a check issued by the Franklin County treasurer to Carbaugh's father, for \$45, then to have taken the check to the A&P here and cashed it, countering it as if it were his.

Elihu C. McFadden, Romney, W. Va., posted a \$10 bond before Justice Snyder to appear for a hearing Friday on a charge of failing to stop at a stop sign brought by state police.

Justice Snyder has sent a 10-day notice to James S. Worley, York, charged by borough police with failing to stop for a red light; to Paul L. Pfeiffer, a Gettysburg College student, charged by borough police with having a defective muffler, and Kenneth H. Seifert, Fairfield, charged by borough police with driving the wrong way on Mummasburg St.

Johnson Offers To Talk Peace With Reds And Aid For All Southeast Asia

By BARRY SCHWEID

WASHINGTON (AP) — President Johnson says the United States is ready — without preconditions — to sit down at the bargaining table with the Communists to try to negotiate an end to the war in Viet Nam.

And even before any peace talks start, the President said Wednesday night in a major foreign policy address, the United States is prepared to initiate a massive cooperative economic development program for all of Southeast Asia, including Communist North Viet Nam.

As a starter, Johnson told the nation by radio and television from Johns Hopkins University in Baltimore, he will ask Congress to authorize a \$1-billion American investment in the program.

LITTLESTOWN MAN TAKES HIS OWN LIFE

Malcolm I. Heiser, 51, died Wednesday afternoon at 2:45 o'clock at his home, 142 W. King St., Littlestown.

The Adams County coroner, Dr. C. G. Crist, said the death was suicide and that a shot from a 12-gauge Remington shotgun had caused the death. Dr. Crist said Mr. Heiser had been in ill health for some time and had recently returned home from a period as a patient at the Johns Hopkins University Hospital at Baltimore. He was scheduled to return to the hospital, according to Dr. Crist.

SERVICES SATURDAY

A son of the late Albert and Della (Wisensale) Heiser, he is survived by his wife, the former Thelma Harner, and two brothers, Edwin Heiser, Brooklyn, and Roy Heiser, Honolulu. He was a member of St. John's Lutheran Church and Sunday School, Littlestown, and the Ancient Order of Knights of the Mystic Chain of Littlestown. For nearly 25 years he had been employed at the Martin-Marietta Company plant at Baltimore.

Funeral services will be held Saturday afternoon at 2 o'clock in St. John's Lutheran Church with the Rev. W. C. Karns, pastor, officiating assisted by the Rev. Kenneth D. James, Glen Rock, a former pastor. Interment in the church cemetery. There will be no viewing but the family will receive friends at the Little Funeral Home, Littlestown, on Friday evening.

WILL RECEIVE NEW MEMBERS PALM SUNDAY

Palm Sunday will be observed Sunday at Trinity United Church of Christ in a special service at 10:30 a.m.

The service will open with the procession of the palms. The leaders for the procession will be: Mrs. Patricia R. Hall, daughter of Mr. and Mrs. Thomas McCarthy, and Brent David, son of Mr. and Mrs. Richard Guise. The Rite of Confirmation will be administered by the pastor, the Rev. Dr. Howard Schley Fox, on the class who have been preparing for church membership since last October.

The class includes Linda Jean Bankard, David Charles Blocher, William Buddy Hicks, Thomas Edward Kauffman, Richard Guy Keefe, Susan Kay Kiessling, Craig Leon King, Stephen Robert Rehmyer, John Frank Riegel, Teddy Ideelson Riegel, Gregory Brian Ridinger, Hilda Kay Ritchie, Thomas David Shearer, Gerald Francis Shearer, Robert Eugene Shirley, Sandra Katherine Shirley and Stephen Charles Smith.

LAMBDA CHI FRAT MEN TO CONVENE HERE

The Gettysburg College chapter of Lambda Chi Alpha fraternity will be the host chapter for the Atlantic convocation of the fraternity Friday, Saturday and Sunday. The meeting of some 20 chapters will begin with registration and entertainment Friday evening.

After an opening session, panel discussions centered around the theme "Responsibility-Forerunner of Quality" will be held on Saturday. A panel composed of David I. Johnson, national secretary of Lambda Chi Alpha, Dean John Shainline, and Prof. Freeman, both of Gettysburg College, will discuss internal affairs of the fraternity. Topics will include finances, management, scholarship, pledge training and discipline.

MILITARY BALL

Another panel, consisting of Mrs. Burkett, the local chapter's housemother, Chaplain John Vannorsdall and Dean Ramsey Jones, both of the college, will discuss the external aspects of the fraternity. Discussion will be centered on themes "Christianity Comes to the Fraternity," "Fraternity Men and Society," and "Administrative and Faculty Relations with Fraternities."

Discussion groups will then be held on the topics presented in the panel discussions. The business of the convocation will be concluded Saturday afternoon with a general assembly and business meeting. Saturday night a banquet will be held for the delegates at the Holiday Inn, after which they will attend the military ball in the college Student Union Building. After church services and a farewell brunch on Sunday, the delegates will return to their respective chapters.

FIREMEN PLAN TO STOCK DAM WITH BIG FISH

Greenmount firemen today announced plans to place trout, up to 24 inches in length in "Lake Sam" near Natural Dam Sunday afternoon at 1 o'clock.

The trout are part of a series of loads of big fish scheduled to go into Lake Sam and its neighboring game fish pond constructed during the last year. Fred Green, committee chairman, said among the fish scheduled to be placed in the near future are bow fins up to 48 inches in length; white bass up to seven pounds in weight; drum fish up to seven pounds in weight and channel cats up to 35 pounds in weight.

The latter fish are scheduled to arrive from Canada, he said and the supplier has reported that the lakes there are still iced in and he has been unable to obtain his supplies.

CONTEST TO END

Green said a 34-pound fish is the largest caught so far in the competition which ends Easter Sunday. The person catching the biggest fish will be awarded a \$40 fishing rod.

Because the fire company holds a license for the private lake, fishermen do not need a license when fishing there. Green said since a number of Maryland fishermen had raised the question fish wardens in Maryland were contacted and they have agreed to honor the notices provided by the Greenmount firemen to persons catching fish in the lake that the fish were caught at a private pond under a group license.

41 PLEDGE TO DONATE EYES

Members of the Fairfield Lions Club have turned in 41 pledges from persons who have offered to donate their eyes after death to the Northeast Eye Bank. That report was given at the biweekly dinner meeting of the club Tuesday evening at the Cannon Cafeteria here.

President William Newman presided at the business session at which the Lions voted to sponsor a team in the Fairfield Pony League this summer.

Robert Paden and President Newman were chosen as the club's delegates to the state Lions' convention and Donald Bucher and Glenn Shriver were named as alternates.

President Newman appointed a committee to handle the fishermen's breakfast on Saturday morning, April 17, at the Lutheran parish house in Fairfield. Serving will begin at 5 a.m. The committee includes Dorsey Schultz, Lloyd Sites, Kenneth Sanders, Harry Kane, William Schultz and Robert Paden.

Twenty-five members and one guest attended the meeting. The Lions were shown the museum's film on the Battle of Gettysburg as the program for the evening.

BLOOD DONORS

The Warner Hospital blood donor list from April 1, until April 6, follows: Jane Stallsmith, Mary E. Smith, Robert Foth, Arthur Robarge, Edward R. Paris and Sarah Spalding.

SUNRISE SERVICE

A Sunrise Service will be held Easter Sunday at 6 a.m. at the Chestnut Grove Lutheran Church, Littleton, with Rev. Kenneth Barner as the speaker. Music will be presented by Mrs. Paul Harmon and by the Yohn family.

NONE HURT IN SCHOOL BUS, AUTO CRASH

Thirty school children escaped injury Wednesday afternoon when a car struck their bus, then collided with another vehicle a half-mile west of New Oxford on the Lincoln Highway.

State police said Richard Holtry, 45, of 322 Lincolnway West, New Oxford, was driving west with 30 children in his school bus. Because of berm construction on the highway at that point, one-way traffic was being maintained and east and westbound traffic was alternating.

Police said Violet M. Bankert, 40, of 236 Lincolnway East, New Oxford, headed east, had halted her car for passage of the westbound traffic. James W. Baugh, 32, Fayetteville, had stopped his car behind the Bankert auto.

According to the police, Harry W. Hoff, 19, Hampton, was headed east, and came upon the scene to find traffic in his lane had halted. Hoff braked, police said, and his car went into the westbound lane, crashing along the side of the westbound bus. Glancing off the bus, the Hoff car smashed into the side of the Baugh auto and the impact forced the Baugh car into the rear of the Bankert sedan.

Police said Hoff's vehicle was demolished, estimated damage to the bus at \$250, to the Baugh auto at \$150 and to the Bankert vehicle at \$50.

No one was injured in the accident according to the officers, who said they are continuing their investigation.

GIVE CONCERT HERE FRIDAY

File For Office In Emmitsburg

Two candidates have registered for two vacancies on the Emmitsburg town council at municipal elections Tuesday, April 27.

J. Norman Flax, a present commissioner, whose term expires on May 1, and Bernard Boyle, grocery store owner, have filed for the positions.

Mayor Ralph F. Ireland said registration for the two posts will continue until Saturday, April 17. He said the second commissioners' post is a new office created when the town council increased the number of commissioners from three to four.

COUNTY EYES SURPLUS FOOD DISTRIBUTION

The Adams County commissioners have begun studies of a possible surplus foods distribution program in the county.

State officials of the surplus foods program, meeting with the commissioners Tuesday afternoon at the request of the commissioners, outlined the manner in which the program is operated in other counties.

They said all but five counties in the state have set up a program of food distribution to the needy and added that "there are many ways in which the program can be carried out." In some counties a number of distribution points have been set up and the county has hired employees to handle the storage and distribution of the surplus foods. In a few smaller counties the commissioners themselves serve as the distributing officers with one or two days a month set aside when they distribute the food at the courthouse.

VOLUNTEERS FAIL

Experience of other counties with volunteer help to store and distribute the food has not proved satisfactory, according to the state officials, "as enthusiasm soon wanes" and difficulties arise in securing help that will properly handle the "book work," etc., involved.

About a dozen foods are on the list of surplus foods distributed to the needy, including flour, canned meats, lard, oleomargarine, etc.

The commissioners questioned the state officials concerning the food stamp plan whereby needy families are provided with stamps which permit them to obtain foods through the regular grocery stores. The commissioners said the state officials commented that only three counties are so operating.

Other business of Tuesday afternoon's session included borrowing \$40,000 from the Ardenville National Bank for the general fund of the county.

2 CHICAGOANS INDICTED FOR GAME "FIXING"

SEATTLE (AP) — Leo Enrico Casale, 24, and Joseph Frank Polito, 32, both of Chicago, were indicted by a federal grand jury Wednesday, charged with trying to influence the outcome of a basketball game between Idaho and Seattle University.

The indictments were announced after a session in which Charlie Williams, Peller Phillips Jr. and L. J. Wheeler, three former Seattle University basketball players, testified.

Williams, who was captain of the team, and Phillips were arrested by the FBI in Seattle Feb. 17. They were charged with conspiring to shave points in a game in Seattle Jan. 22, which Seattle won 89-72. Last Friday, the government dropped the charges.

TWO EXPELLED

The day after Williams and Phillips were arrested, they were expelled from Seattle University. Although no charge was filed against Wheeler, he also was expelled. Authorities at the school said he was ousted because he knew of an attempt to "fix" the game and didn't report it.

Casale, now a cocktail lounge operator, and Phillips were teammates on the basketball squad at Coalinga Junior College in California.

Polito became a party in the case Monday when he and Casale were arrested by the FBI in Chicago on an interstate check-fraud warrant.

Casale was accused of writing a fraudulent check for \$238.93, and Polito was accused of using it to buy a round-trip ticket from Chicago to Moscow, Idaho, Feb. 12 for "Karl T. Zueger."

The FBI said Casale used the name, "Zueger," on his airline ticket and for hotel reservations in Moscow.

Idaho and Seattle met in a return game in Moscow Feb. 12, and Seattle won 97-76.

PHILS BLANKED ON FIVE HITTER

ST. PETERSBURG, Fla. (AP) — The Philadelphia Phillies got only five hits Wednesday and were shut out. So what's new?

The 6-0 white-washing by the St. Louis Cardinals could simply be called one of those exhibition things — except that it was the sixth time this spring the Phillies have been blanked.

Wes Covington managed the only hit through the first five innings, a single through the middle. Clay Dalrymple and pinch-hitter Jimmy Briggs wasted singles in the sixth inning and Dick Stuart pushed a wrong-filed roller to right for a double in the seventh.

The only hit with authority for the Phillies was Johnny Herrstein's pinch-hit triple to the 400-foot barrier in right-center field. But that was wasted, too, as he was left stranded.

Meanwhile, the free-swinging Cards banged around southpaw Chris Short to put the game on ice early. Short yielded four runs on seven hits in five frames, including a two-run homer by rookie Tommy Gagliano.

Tracy Stallard, a former New York Mets' righthander, narrowly escaped injury in the sixth inning when he was hit in the groin by a smash off Richie Allen's bat. Stallard doubled up, then fielded the ball and threw to first base for the putout.

Carlisle Pastor To Speak Here

Rev. Kenneth L. Miller, pastor of the Carlisle Church of the Brethren, will be the guest minister at Holy Week services to be held at the Church of the Brethren, Biglerville Rd. He will speak at both morning and evening services on Palm Sunday and at evening services Monday, Tuesday and Wednesday. He will officiate at the Love Feast and Communion on Thursday evening. All evening services are at 7:30.

Rev. Miller is a graduate of Lebanon High School, Elizabeth Town College and Bethany Theological Seminary. He has done additional work at Gettysburg Lutheran Seminary. He served a year's internship at the First Church of the Brethren, York, and has been pastor of the Carlisle church since 1961.

The message to be given by Rev. Miller include "Triumph or Tragedy?" and "How Wide Is God's Love?" Sunday; "What Makes Jesus So Important?" "How Does Jesus Change People?" and "What's the Cross All About?" Monday, Tuesday and Wednesday. The public is invited to the services.

The meeting closed with devotions by Mrs. Fred Neal.

BULLETS NIP LAKERS FOR PLAYOFF WIN

BALTIMORE (AP) — The pressure didn't bother Bailey Howell. He was so relaxed, he was floating.

After undergoing intensive treatment and taking pills to relax his back muscles, the veteran Baltimore cornerman led the Bullets to a 122-115 victory over the Los Angeles Lakers Wednesday night.

Although he was a doubtful starter until two hours before gametime, Howell scored 29 points and grabbed 17 rebounds and survived 40 minutes of punishing basketball without further aggravating his old back injury.

The come-from-behind triumph gave Baltimore its first victory in the National Basketball Association's best-of-7 Western Division final playoff. The Lakers had taken the first two games of the series in Los Angeles.

Baltimore and Los Angeles take a breather tonight, but the Eastern Division final resumes in Boston with the defending champion Celtics entertaining the Philadelphia 76ers in a series tied 1-1.

STANLEY PLAY WILL RESUME

The National Hockey League's Stanley Cup playoffs resume tonight with Chicago and Toronto hoping the home-ice advantage can help them pull even in the best-of-7 semi-final series.

Detroit and Montreal jumped off to two-game leads with the Red Wings whipping Chicago twice in Detroit and the Canadiens taking Toronto in both starts in Montreal. When the scenes shifted Tuesday, so did the winners with the Black Hawks belting the Wings 5-2 and Toronto taking an overtime thriller for the Canadiens 3-2.

Bobby Hull, who seems to have recovered from the painful knee injuries that troubled him for the last third of the regular season, has been the big offensive gun for the Black Hawks with five goals in the first three games against Detroit.

Hull, who finished with 39 goals after scoring 37 in Chicago's first 42 games, leads all scorers in the playoffs with seven points, two more than Montreal's Henri Richard, who has three goals and two assists in the Canadiens' three games against Toronto.

AUTOBAHN IS CLOSED AGAIN AND REOPENED

By JOHN O. KOEHLER

BERLIN (AP) — The Communists closed the Berlin autobahn for three hours today. They reopened it one hour after a U. S. Army convoy challenged the blockade.

There was no way of learning immediately whether the barricades were lifted because of the U. S. challenge or whether the Communists had planned a shutdown of only three hours. That was the length of the closure Wednesday.

The U. S. convoy was being processed at the Communist checkpoints for the trip to West Berlin when all traffic was allowed to resume.

Today was the fourth successive day the Communists had stopped the autobahn.

Backed by the Soviets, East German guards at 9 a.m. closed the steel barriers at each end of the superhighway between West Berlin and West Germany. They lifted them three hours later.

In the interim at 11 a.m., a 22-vehicle U. S. Army convoy drove up to the Helmsdorf checkpoint, at the West German end, and its commander demanded to be allowed through. The Soviets held it up for 20 minutes, then waved it into the half-mile-long checkpoint for processing by East German guards.

The Reds reopened the autobahn while the convoy was still being checked.

The West Berlin end of the highway was reopened at the same time, freeing a small U. S. truck convoy which had traveled 14 miles from West Berlin toward West German territory when the autobahn was closed. That convoy contained three trucks and six men.

RICK BARRY TOP SCORER

NEW YORK (AP) — It's official now. Rick Barry of the University of Miami, Fla., Hurricanes, is the individual scoring champion for the 1965 college basketball season.

The National Collegiate Athletic Bureau put the official stamp on Barry's 37.4 average in 26 games in its final statistical release of the season for major colleges.

Barry, a 6-foot-7 senior from Roselle Park, N.J., scored 52 points in his first game of the season last December. That put him in the No. 1 spot and he stayed there all season.

He finished with 973 points on 340 field goals and 293 free throws in 26 games to beat out the late Wayne Estes of Utah State and Bill Bradley of Princeton.

Estes finished second with a 33.7 average in 19 games before his tragic death early in February. Bradley wound up third with an average of 30.5 in 29 games. They were the only ones to average 30 points or better.

To Give Johnson His Season Pass

WASHINGTON (AP) — American League President Joe Cronin planned to visit the White House today to give President Johnson a season pass and invite him to toss out the first ball on opening day.

Cronin is carrying out a tradition begun more than one-half century ago by his late father-in-law, Clark Griffith, owner of the Washington baseball team.

Presumably, Johnson will defer to tradition and be on hand Monday when the Senators open the American League season against the Boston Red Sox. But there has been no announcement so far.

Photoengravers Accept Contract

NEW YORK (AP) — The photoengravers joined the printers union Wednesday night in accepting a two-year contract agreement with publishers of seven New York city daily newspapers.

The latest agreement, which also provides a \$12 weekly economic package, was considered a major step in removing the threat of a newspaper blackout.

OPERATE SENATOR

COLUMBIA, S.C. (AP) — Sen. Olin D. Johnston, D-S.C., underwent surgery today for swollen heart artery.

Dr. Leon Khory, the senator's physician, reported there was no spread of malignancy from the tumor.

TRADIG LIVELY

NEW YORK (AP) — The stock market made a slight gain today with trading lively early this afternoon.

Wall Street seemed reassured by the tenor of President Johnson's speech on Viet Nam and early dealings were the week's liveliest.

Airlines were particularly in favor as a group. At the same time Big Three Motors advanced unanimously, General Motors touching a new high.

DEATHS

Mrs. M. A. Turner

Mrs. Margaret Ann Elizabeth Turner, 86, widow of John A. Turner, died this morning at 5:15 o'clock at her home, Emmitsburg R. 1. She was the daughter of the late Christ and Jane Eyer Miller and was a life-long resident of Frederick County. She was a member of the Friends Creek Church of God.

She is survived by four sons and two daughters: Norman and Stanley, at home; John and Samuel, Gettysburg R. 1; Mrs. Mary V. Wetzel, Fairfield R. 1, and Mrs. Carrie E. Stouter, Emmitsburg; 22 grandchildren and 21 great-grandchildren; a sister, Mrs. Emma Wills, Emmitsburg, and two brothers, Charles and Irwin Miller, Emmitsburg.

Funeral services will be held Sunday afternoon at 2 o'clock in the Friends Creek Church, Rev. William Herpich and Rev. Dewayne Beck officiating. Interment will be made in the church cemetery.

Friends may call at the Wilson Funeral Home, Emmitsburg, Saturday evening after 7 o'clock and at the church Sunday from one o'clock until funeral time.

SIDEWALKS PROBLEM IN NEW OXFORD

The New Oxford borough council has called for a special meeting Wednesday, April 14, at 8:30 p.m. to settle the sidewalk problem and to finish plans for Commerce St.

At the council meeting Monday evening, Paul Wagner, chairman of the street committee, suggested that council walk on every sidewalk in town and vote on each one as to whether it needs repair or should be replaced. He also said the sidewalk conditions have bothered council for the last 33 years and that, financially, the property owners can afford it now, more so than they could in the past.

Another suggestion was to do one street a year, with Lincolnway West being the first one.

Other proposals included sending property owners a notice reporting that their sidewalks are in need of attention and giving them several months to make repairs or council would have the work done and bill the property owners.

TO MAKE SURVEY

The street committee will make a survey of the sidewalks and report at the meeting next Wednesday.

The street committee will also have final plans ready for the new street to be constructed from Lincolnway East to College Ave., starting at the old borough line. The property owners involved would like to have the road moved 15 feet to include a 15-foot right-of-way. Wagner suggested that the street be named Commerce St., since it will accommodate Oxford Container Company and in the future new industries.

The state highway department has approved the erection of two flashing lights for the school crossing zone, and the street committee reported that they will be installed and working within six months.

Robert Poist, chairman of the sanitation committee, reported on the deplorable condition of the concrete at the sewer plant, and that it will cost between \$600 and \$1,300 to replace the defective concrete and make other repairs.

JAYCEES AT WORK

When the repairs are made, the borough manager will waterproof all exposed concrete so the same problem does not occur again.

Fred Klunk, president, read a letter from Farm Bureau, which will give the authority

Robert Poist reported that the Jaycees have started clearing a picnic sight behind the sewer plant. They have space cleared for about six tables and if weather permits, they plan to work again this Sunday. Any interested persons are asked to come out and help.

Poist reported that he has contacted Tom Washburn and Charles Jacobs to serve on the planning commission, and asked the council for some responsibility. Council decided to wait until the commission makes a report showing that there is enough interest in the planning commission.

Council accepted the 1964 tax report of Mrs. Maggie Miller, tax collector, and asked Mrs. Ling to send Mrs. Miller a letter asking her to attempt to collect the \$476.77 outstanding real estate taxes and \$303.98 outstanding occupation tax.

A letter was read from Clyde Garber, postmaster, requesting permission to place a mail deposit box at the west end of town at the corner of the Kohler Mill Rd. and Lincolnway West.

THIRD CAREER DAY IS HELD AT THE MOUNT

Thomas J. D'Alesandro III, president of the City Council of Baltimore, urged the collegians at Mount Saint Mary's College, Emmitsburg, to participate in the "political renaissance" which is taking place in this country.

Speaking as the keynote at the college's third annual Career Day program, D'Alesandro said that traditional political bossism in this country is in the death throes because of the growing number of persons joining the ranks of an educated electorate.

The large numbers of graduates coming from the high schools, colleges, and universities of the nation are demanding that the local, state, and federal governments attack the social problems which still beset this nation although it is the richest nation in the world, he said. It is this demand, he said, that is creating the present "political renaissance." The old guard politician no longer can supply the answers and can no longer push aside the unknown political aspirant who, through his years of education, is able and interested in the task, the speaker said.

OTHER SPEAKERS

On the other hand, he noted, the demand for change which is being spurred by education is also demanding an increase in education for the thousands of citizens who are living in a condition of poverty. "It is this poverty that is an underlining factor to all the major social problems that face our society, and it is this problem of poverty which is spawned by ignorance, the lack of education or skills, and it is this ignorance that in turns spawns poverty," D'Alesandro emphasized.

Directing his remarks to the collegians specifically, he urged them to consider "accepting the challenge" and becoming active participants in this political rebirth. He urged them to participate actively in the many emerging programs of action, to become politically active and to consider the field of education in all its aspects as a future career or profession.

Other speakers on the program were Judge Francis J. Donovan, Nassau County, N.Y.; Leslie F. Randall, personnel director of the Budd Co., Philadelphia; Thomas J. Murphy, Civil Service director, Baltimore; Frank A. DeFilippo, political editor, Baltimore News-American; Dr. Paul Calabrisi, chairman of the committee on admissions, George Washington University School of Medicine, and James J. McKee, director of the Professional College Placement Service, Elizabeth, N.J.

Stilwell Remains On Critical List

FT. BRAGG, N.C. (AP)—The Army said today that Brig. Gen. Joseph Stilwell, 53, injured here April 1 in a parachute jump, "is holding his own very nicely" but still on the seriously ill list.

Stilwell slammed onto the ground in a free fall jump from a helicopter. The Army said both of his parachutes failed to function properly. He suffered injury to the lower back, pelvis and heels.

He is the son of the late Gen. "Vinegar Joe" Stilwell of World War II fame.

The double-ring ceremony was performed by the Rev. Laverne E. Rohrbach, pastor. Preceding the ceremony Mrs. Rohrbach gave an organ recital and sang "Savior Like a Shepherd." She played the traditional wedding music.

The bride, given in marriage by her father, wore a white street-length gown featuring a lace bodice with scooped neckline and long sleeves. The skirt was of nylon sheer over taffeta. Her veil of silk illusion fell from a headpiece of nylon and tiny seed pearls. She wore a corsage of red rosebuds and

PUTCH TALKS AT CARNEGIE

William H. Putch, producer-director of the Totem Pole Playhouse, gave two lectures at the drama department of the Carnegie Institute of Technology today.

He spoke to two groups of senior and graduate students. The first seminar was on "The Actor and the New York Scene," an informative coverage of the employment situation in the acting profession, covering the opportunities available to the young actor on and off Broadway, television, films, and related fields.

The second seminar, entitled "Start Your Own Theater," was given to students majoring in educational theater, directing, and business management. The facts and figures gathered after operating the Totem Pole Playhouse for the past 11 years provided most of the information for this seminar. Putch graduated from the drama department in 1949.

Local soloists will be Mrs. Rosemary Stoner and Miss Grace M. Stoner, contraltos; Robert Stoner, tenor; Nevin Engle, bass. Benjamin Stoner is organist.

Following a luncheon at Holiday Inn the couple left on a trip to Florida. On their return they will reside at Aspers R. 1.

Both bride and groom are graduates of Biglerville High School. The bride is employed by the United Telephone Company of Gettysburg, and the groom is employed by Ranger Bowling and Chemical Company, Aspers.

Johnson

(Continued From Page 1)

Johnson said there are many approaches to a peaceful settlement of the war.

"We have stated this position over and over again 50 times and more to friend and foe alike," he said. "And we remain ready — with this purpose — for unconditional discussions."

1,500 HEAR TALK

The estimated 1,200 people in the university's Shriver Hall auditorium interrupted the speech 15 times with applause. Mrs. Johnson studied her husband intently. Vice-president Hubert H. Humphrey beamed his approval.

With them on the platform were Mrs. Humphrey and the Johnsons' daughters, Lynda and Luci. All motored the 40 miles from the capital by limousine when overcast skies forced cancellation of a planned helicopter flight.

DIRKSEN DOUBTFUL

In New York a spokesman for Thant said the secretary-general planned to study the speech carefully and would have some comment this morning.

On Capitol Hill, Senate Republican Leader Everett M. Dirksen, heretofore a staunch supporter of the Democratic President's Viet Nam policy, was critical. "Is this another case of where the America trumpets sound retreat?" he asked. "Do you buy freedom for a humble people? I doubt it."

ACCCS Plan To Incorporate

The executive board of the Adams County Council of Community Services met Wednesday at the Lamp Post Tea Room to discuss the incorporation of the organization and to consider a request to serve as a sponsoring agency under the Economic Opportunity Act if the incorporation is approved. Both proposals were referred to the general assembly for consideration. Action on revision of the bylaws was postponed pending the recommendations of the as-

Mrs. John Clapper Buried Wednesday

Funeral services for Mrs. John W. Clapper, 70, Aspers R. 1, who died Saturday evening in the Warner Hospital, were held at 2 o'clock Wednesday afternoon at the Dugan Funeral Home, Bendersville. Rev. John H. Whitmer, her pastor, officiated. Burial was in the Idaville Cemetery.

each member of the class with a copy of the Bible. Elder Edwin A. Kann will make the presentation. The class is presenting a gift of \$100 to the Endowment Fund of the congregation. They were formally presented to the congregation at the Lenten service on Wednesday evening. The Junior and Senior Choirs at the church will be in charge of the special Palm Sunday music.

Holy Week services will include: The Preparatory Service on Wednesday at 7:30 p.m. The celebration of the Holy Communion will be held on Thursday at 7:30 p.m. The Union Good Friday Service conducted by the Ministerium from 12 noon to 3 p.m.

The Good Friday service is planned for 7:30 p.m. at which time there will be a reception of new members by the letter of transfer and re-entertainment. Following this service the Altar Guild of the church will hold a formal reception for all the new members received since last Easter in the Parish Hall.

Mrs. Donald E. Myers, first vice-president, presided in the absence of the president, Wilbur L. Plank.

The general assembly will meet April 22 at 12 p.m. to hear Cecil Liberknight, regional coordinator of economic development of the Pennsylvania Department of Commerce, discuss the Economic Opportunity Act.

ATTEND STATE REA MEETING

Six directors of the Adams Electric Cooperative attended the session of the Pennsylvania Rural Electric Association in Bedford.

They were Melvin J. Starnes, New Oxford R. 1; Howard S. Schwartz, Littlestown R. 1; Elmer E. Lauer, Dover R. 3; V. Kyle Trout, Airville R. 1; Henry W. Grove, Shippensburg Star Route, and W. G. Hensel, Newburg R. 1.

Norman M. Clapp, administrator of the Rural Electrification Administration, the principal speaker at the session, told the group "Strong statewide associations are vitally important in every state where there is cooperative rural electrification. As members of an effective statewide organization working together you can multiply enormously your individual effectiveness."

Clapp praised the managers and directors, as well as members, of rural electrification systems for helping to improve rural living standards and thus contributing "greatly" to the economic development of the rural areas.

HOLD BOWERS FUNERAL

Funeral services for Curtis Garfield Bowers, 84, who died Tuesday in the Annie Warner Hospital, Gettysburg, were held this afternoon at the C. O. Fuss and Son Funeral Home, Taneytown, with the Rev. Arthur W. Garvin officiating. Burial was made in Piney Creek Presbyterian Cemetery. Pallbearers were Clyde Hesson, Clarence Dorn, Walter Crapster, Francis Shum Sr., Harry Dougherty and Carroll Wanz.

THE ESSENTIALS
We clutter our lives, I fear, with too many nonessentials. Many a college graduate enters a practical life with a great deal of accumulated knowledge, but with few of the essentials on which success in life is founded. Willingness to work at anything, regardless of compensation, for example, just to gain experience.

A carpenter needs at least three tools — a saw, hammer and plane. Much can be done with these but as he progresses he needs any number of associated tools to make him an outstanding performer, but he must be an expert with those three tools.

In his interesting book "Lay Morals" Robert Louis Stevenson has this to say: "Benjamin Franklin went through life an altered man because he once paid too dearly for a penny whistle. My concern springs usually from a deeper source, to wit, from having bought a whistle when I did not want one." Most of us can appreciate that statement. We are forever buying, or acquiring, many a thing that does us no good, or which only serves to slow our progress or growth.

Ideas are among the greatest of essentials for any one's success in life, but they are useless if they are not put to test and to work. Among the essentials that go to make a great athlete are patience, control and courage. And these are as essential for any task in life. Keeping one's temper always under control is an essential that pays big dividends all through life.

One of the greatest essentials for success at any endeavor is to want to succeed. With initiative big things can be accomplished. Mistakes are common to us all, but to learn from each one enables us to make fewer and fewer ones as we go along.

To have an objective in life, and to pursue it under all circumstances, with one increasing purpose, is an essential that is sure to bring its reward, sooner or later. Another valuable essential is to early form a personal philosophy — one of patience, faith, tolerance, and leisure for maturing, as well as a belief in one's self, and the overall goodness of God.

TALK WITH A YOUNGSTER
You do not like your teachers and the school room you abhor? You refuse to learn your lessons? Well that's happened often before. The world is full of failures who had fancied, in their turn, it was just to please the teachers they were sent to school to learn.

You can ask them and they'll tell you, as they loiter on the street, Once they thought the trick was clever if a teacher they could cheat, But they all discovered later, at some common dreary post, By the cunning which they practiced 'twas themselves they'd cheated most.

So the teacher doesn't like you? Well, I'll tell you now would I if I did my best to help you, and you wouldn't even try. If you scorned my every effort and my teaching seemed to spurn, I should better like the pupils who showed willingness to learn.

COMMITTEES APPOINTED BY FIREMEN

Various committee appointments were made at the April session of Alpha Fire Company No. 1 held Tuesday evening in the engine house. Forty-six members were in attendance. President David S. Little presided for the meeting which opened with the group singing of "America" and the Lord's Prayer in unison.

The booking committee for the August carnival includes Howard O. Myers, Clair J. Redding, Norman Sentz and Richard B. Hartlaub. Fire Chief James P. Hahn and Truck Foreman Carl Wastler were appointed to meet with Leslie Shinnham of the fireworks committee to make plans for a fireworks display to be held in conjunction with the Littlestown bicentennial observance. Henry E. Waltman, Robert C. Koonz and Kenneth Eyer were named to investigate prices for lettering on the exterior of the company building.

Monroe G. Morelock and the trustees met with a committee from the borough council concerning the material which will be used for the inside steps of the Community Center. This investigating committee was appointed for the remainder of the year: Fire Chief Hahn, Jack E. Rebert and Robert Morget.

OYSTER FEED FRIDAY

Fire Chief Hahn reported two calls for the month with a total loss of \$3,100. Truck Foreman Wastler reported that truck number five needs a seal in the right rear wheel and truck number two will be sent to Harrisburg for a tune-up. Ray F. Slaybaugh was nominated for membership. Bills ordered paid amounted to \$127.86 and receipts were \$232.01. Members will enjoy an oyster feed on Friday evening at the engine house.

There was a discussion on the reorganization of a uniform rank. President Little appointed Fred A. Miller, Robert Nester and Bernard G. Kebl to contact the active members and the members who had previously participated and report their findings at the May meeting.

Members are requested to help plaster patches in the rear room upstairs in the fire building on Saturday. The room will be painted next Tuesday at which time volunteers will again be needed.

CHECK UP ON PREPARATIONS FOR BIG EVENTS

George Elias, a representative of the John B. Rogers Company, met with 18 chairmen and members of the executive board for the Littlestown bicentennial observance on Monday evening at bicentennial headquarters, the former Basehoar Garage building.

After conferences with the committee chairmen during the day, programs for the coming event and stated that they "are sincerely trying to make this event a success."

Ronald Hedges, decoration chairman, presented three bids from firms for decorating the town. It was decided to narrow the bids to two firms, the Matern Brothers of Scranton, and the Great Scott Display Company, New Cornerstown, O. Mr. Hedges and his committee will meet with the executive board on Saturday to decide which company will decorate the town. It was announced that all chairmen and the various committees are encouraged to use the bicentennial headquarters for their meetings.

1,200 BOOKS SOLD

Approximately 1,200 historical books have already been sold and interested persons are urged to place their orders as soon as possible. Saturday is the deadline for accepting orders.

Stanley Staub of the novelty committee reported that the 50-cent commemorative coins have been ordered and as soon as they arrive will be put on sale.

Mrs. Leonard L. Potter, chairman of the bicentennial committee, reported that Bob Aulinbaugh and his seven-piece orchestra from Harrisburg will provide the music for the ball on Saturday, July 31. Local citizens will entertain with a minuet number during the evening.

Junior Women To Stage Egg Hunt

The Junior Women's Club of Littlestown, will entertain the children of members at an Easter egg hunt on Saturday at 1:30 p.m. in the rear of the Maple Avenue School. The members are asked to take six eggs for each of the first two guests or not more than a dozen colored eggs. The eggs should be taken to the home of Mrs. Thomas R. Gouker, Boyer St., or Mrs. R. Samuel Long, Lumber St., by 11 a.m. on Saturday. Prize eggs will be hidden.

The home life committee composed of Mrs. Gouker, chairman; Mrs. Long, Mrs. Edward L. Warner, Mrs. John E. Shomper, Mrs. Paul F. Boller Jr., Mrs. Conrad C. Hull, Mrs. Robert Kress, Mrs. Clay A. Rebert, Mrs. Edward Runk, Mrs. Alvin J. Zeigler, Mrs. Dean Shorb, Mrs. Donald Collins and Mrs. Walter Simpson.

In case of rain on Saturday the egg hunt will be held on Monday, April 12, at 4 p.m.

ROBBERIES ON SUB ARE CUT BY POLICE DOGS

PHILADELPHIA (AP)—Since the word got around that there were police dogs on duty there hasn't been one reported robbery in the subway, police said today.

"Once more women walk the concourse without fear showing in their faces," Patrolman John Radomski said in a report on the success of operation dogs.

He said that in the first week of the dog patrol there were four juvenile arrests; since then none.

"The word that dogs were on patrol got around quickly," he noted.

Two juveniles were arrested for not paying fares; two more, girls, for swearing and spitting at a cashier, and one youth for carrying a blackjack.

There would have been a sixth arrest.

BITES HIS PANTS

A youth walked up to one of the dog handlers and announced:

"I'm not afraid of you or your dog!"

With that, he swept the air with his arm. The gesture cost him a piece of his pants. The dog took it. The patrolman considered that correction enough.

The patrol began with eight dogs. Now there are 11 and others will be added as they are trained.

"There is no doubt," said Radomski, "that the addition of dogs has been responsible for an absence of serious crime. They also have diminished rowdiness. Gangs no longer race the concourses."

The dogs were sent into the subway system after an outbreak of rapes, robberies and other criminal offenses.

Today is Thursday, April 8, the 98th day of 1965. There are 267 days left in the year.

Today's highlight in history: On this date in 1952, President Harry Truman issued an executive order seizing the steel industry in an effort to avert a nationwide strike. The seizure was ruled illegal by the Supreme Court.

In 1826, Henry Clay and Sen. John Randolph of Virginia fought a duel arising from a debate in Congress; neither was hurt and they later became friends.

In 1895, the Supreme Court declared the income tax law passed in 1894 was unconstitutional; taxes collected were returned.

In 1918, the U.S. Army ordered its first air squadron to duty in World War I.

In 1944, an American aerial armada bombed Brunswick, Germany.

The only reference to Miss Neal, a winner last year for her performance as the housekeeper in "Hud," came when Bob Hope read a telegram from the ailing actress.

Miss Hepburn left for Madrid by plane Tuesday.

KAUTZ GUILTY OF MURDERING ATTY. KUNKEL

HARRISBURG (AP)—A Dauphin County court jury Tuesday night convicted James R. Kautz, 25, of first degree murder and sentenced him to life imprisonment.

Kautz, of Duncannon R. 1, had been charged with the shotgun slaying last Nov. 5 of attorney Lewis S. Kunkel, president of the Dauphin County Bar Association.

The jury deliberated an hour and a half before reaching its verdict. Another 2½ hours of deliberation preceded setting of the penalty.

JUDGE SHEELY PRESIDED

Visiting Judge Clarence Sheely of Adams County gave Kautz two court-appointed defense lawyers four days to file appeal motions. He deferred formal sentencing pending the outcome.

Kautz, according to his own testimony, shot the 61-year-old Kunkel in the arm and then fired a second shotgun blast into the victim's stomach as he lay wounded in a honeysuckle patch pleading for mercy.

Kautz had been discovered by Kunkel on his private game preserve in Lower Paxton Twp., according to testimony. The defendant said he had been unaware he was trespassing.

CHAPLIN'S SON IS ON RELIEF

LONDON (AP)—Opportunity is knocking and knocking for Charlie Chaplin's beatnik son since the newspapers found out he and his family were on relief in London.

A novice agent signed Michael Chaplin to a contract Tuesday, hoping to make a best-selling singer out of him. The agent, Andy Wood, 31, said Michael, 19, wouldn't get any wages "for a couple of weeks, but I'll give them enough cash to keep the wolf from the door."

Michael is also to have a screen test for the part of a beatnik in the movie "Promise Her Anything," now being filmed in London. It stars Warren Beatty and Leslie Caron.

Young Chaplin also had offers from foreign newspapers and magazines for his life story.

Michael, son of the film star and his wife, Oona, married a 24-year-old British actress in Scotland in February after his father refused them permission

Clever Alibis Sometimes Save Drivers From Tickets

LOS ANGELES (AP)—A motorist made a high-speed exit from the Hollywood Freeway and ran through a red light.

But the driver had a quick alibi for the California Highway Patrol officer who halted him: "If I make any sudden stops my wife spills her breakfast. It makes her mad."

The officer looked into the car. There sat the driver's wife, a plate of bacon and eggs in her lap.

Patrol officers list this among the most surprising alibis yet offered for traffic offenses — although, as a compilation by administrative aides shows, Southern California's officers must by now have surely heard them all.

Like the time the gray-haired woman roared her powerful sedan past a stop signal's flashing red light, and explained when caught: "But officer, I went through between flashes."

Or the night Patrolman E. B. Foster stopped a motorist speeding 50 m.p.h. in a 25 m.p.h. zone during a heavy fog. The driver's excuse: "It was so foggy I couldn't read my speedometer."

None of these excuses saved the motorists from traffic tickets.

to marry in Spain. They have a six-month-old son.

The family has been drawing \$28 a week relief money for a month because, Michael said, he couldn't get a job as an actor. His mother, arriving in London over the weekend, said she wouldn't indulge him in a beatnik life and he ought to get a job.

CONFIDENT IN TASK

SAY PROBERS WOULD SAVE "STATUS QUO"

PITTSBURGH (AP)—An assistant solicitor for the city of Pittsburgh charges that officials conducting a state probe of illegal rebates in the milk industry are "seeking desperately to preserve the status quo."

Mrs. Marion Finkelhor commented Wednesday after announcing that the city was withdrawing from the hearing conducted by the state Justice Department and the Milk Control

Carey's chair in the IUE's ornate conference room Wednesday, appeared confident he is equal to the task.

"I think we'll be able to pull ourselves together again," he said.

The union's executive board put Jennings in command Wednesday. Carey announced his resignation Tuesday, a day after the Labor Department declared Jennings' real winner in last December's election, charging a misconduct of ballots and reporting of false election results by union trustees.

Jennings, 47, pledged at a new conference to step up the IUE's lagging organizing activities and to seek alliance with other unions in confronting General Electric Co. and other giant corporations at the bargaining table.

About 15 years ago vacuum tubes served as memory units in computers. Then came transistors. Now microscopic electronic circuits printed on tiny chips of silicon do the job.

MEDIATOR MAY ENTER STEEL TALKS

Commission.
Thomas M. Rutter, an assistant solicitor for Allegheny County, said the county also was withdrawing from the hearing.

"NOT DOING ANYTHING"
"Any further participation on our part would be useless," Rutter said. He complained that the county has been denied the right to conduct effective cross-examination of witnesses.

Mrs. Finkelhor said the city has been "gagged" at the hearing, and that it would save its efforts for a pending milk investigation by the state Legislature.

"We have slowly come to the conclusion that the Milk Control Commission and the attorney general do not really want to do anything about the violations and evasions of the present milk control law," she said, "but are seeking desperately to preserve the status quo."

URGES PERJURY CHARGE

Before departing the hearing, Mrs. Finkelhor suggested that state authorities ought to initiate a perjury probe in connection with the testimony of two witnesses.

Mrs. Finkelhor referred to statements by Philip Bucci, a representative of the Philadelphia Milk Dealers Association, and Mrs. Martha King of Delmont, Westmoreland County, chairman of the Citizens' Committee for Fair Milk Prices.

Bucci testified Mrs. King had told him her group received \$37,000 from Norman Malone Associates, an Akron, Ohio public relations concern representing milk dealers who specialize in selling gallon jugs of milk.

Mrs. King said this was a lie, that her organization never received any money from the firm.

PITTSBURGH (AP) — Top-level basic steel negotiations continued today amid growing indications that federal mediators may take part soon to help break a deadlock.

"I expect they'll be here in a week. We're getting nowhere," said a source close to negotiations between an eight-man committee of the United Steelworkers union and a four-man team bargaining for the industry.

The source said neither side wants federal mediators or any other kind of government intervention.

WON'T ALLOW STRIKE

However, he said, the feeling among negotiators is that the Johnson administration won't sit idly by as a strike deadline nears in an industry so crucial to the national economy.

The Steelworkers can strike May 1, leaving 23 days of bargaining on what one negotiator described as "a whole mess of knotty and difficult problems."

These include union demands for wage and benefit increases that would cost the steel companies more than \$1 an hour per worker over the next three years.

They also include such lesser issues as seniority, job classifications, grievance procedure and numerous local problems that have been outstanding for months or years at the separate plants.

4-H Junior Leaders Assist Younger Members To Attain Leadership Roles

This year there's a new look in the Pennsylvania 4-H program for ten-age members, reports Nell C. Connell, assistant state 4-H Club leader of the Pennsylvania State University. A project in 4-H leadership is attracting over 2,300 of the state's youth who served as junior leaders in their local clubs. At the same time these 4-H members are helping younger members with their 4-H work they are helping themselves learn more about the roles of leadership.

Junior leaders receive assistance from volunteer adult leaders who are available to help with planning, carrying out and evaluating the members' responsibilities.

START AT AGE 13

Some 4-H members are beginning the leadership project at 13 years of age and help three or four new members with their first project work and records. As junior leaders are progressing in leadership skills, they are choosing advance programs under the guidance of their adult advisors. The needs of the club and the junior leaders' own interests and capabilities decide the area of leadership in which to work.

Miss Barbara Johnson, Gettysburg, who attended the national 4-H Congress in Chicago as a state winner in leadership said, "My responsibilities as a junior leader have been many and varied. They have included instructing in project work, assisting committees and officers, helping with program planning, advising on community service and funds projects and conducting workshops on demonstrations. Junior leadership has been an opportunity to stimulate an active program; to advise, but not do; to lead, but not dictate, and most of all, to give others an opportunity of leadership."

Many local 4-H Clubs in Pennsylvania have several junior leaders assisting in carrying out a successful program. A junior leader's talents may also be used to assist in countywide programs, working directly with extension personnel in planning, conducting and evaluating county 4-H events. A certificate of completion is given each junior leader when he has accomplished the plan of work he made for himself.

SERVE DRINKS. TEST DRIVERS

SPARKS, Nev. (AP) — A Reno police officer served drinks to 10 men and women and then watched them get into autos and drive away.

Lt. Don McMillip said several did not have enough alcohol in their blood to be judged legally intoxicated.

Driving was limited to an obstacle course set up in a parking lot. Officers and doctors carefully recorded performances, both Monday when the drivers were sober and Tuesday when they were under the influence of up to a dozen common mixed drinks each.

SOME DRINK MORE

The tests indicated some folks can drink more than others.

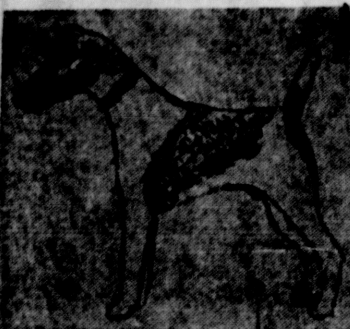

Madeline Cherry, 22, a Reno housewife, drank eight vodka and orange-juice cocktails in a two-hour period and drove smoothly around the course with just a few errors.

Ed Epper, a Reno police officer, took nine drinks and had trouble getting his car door unlocked. Judges stopped him in the middle of the test because his driving was so erratic.

No one can drive better with a couple drinks under his belt, concluded Lt. A. E. Hagler of the Idaho State Police, who observed the test.

Americans spent \$85 billion for new buildings last year.

HAS HOPES FOR VA HOSPITALS ORDERED SHUT

PALMYRA, Pa. (AP) — Donald E. Johnson, national commander of the American Legion, says he is hopeful the federal government will discard present plans to close several hospitals and offices operated by the Veterans Administration.

Johnson, making a cross-country tour of Legion posts, told newsmen here Wednesday he believed opposition raised by some members of Congress has "raised some doubts in the President's mind about these closings."

The Legion official noted that President Johnson on Saturday appointed a special commission to review the VA order that called for the closing of 11 hospitals and 16 regional offices, including one at Wilkes-Barre.

"GREAT ENCOURAGEMENT" "The fact that the president has ordered that a second look be taken regarding this matter is of great encouragement to the American nation," Johnson said. "We hope that the President will heed the voice of Congress in rescinding these closings."

"We challenge the claim of economy, one of the principal reasons advanced for these proposed closings, and the estimate of a \$23 million annual savings to be realized by the move," the Legion commander said. "It has been nearly three months since we put the label of false economy on that claim, and to this day there has been no effort on the part of anyone to refute that challenge."

Coal Urged For Sewage Treatment

WASHINGTON (AP) — Rep. John H. Saylor, R-Pa., says he has asked the office of coal research and the welfare department to step up research in the use of coal for treatment of industrial sewage.

Saylor said Wednesday he thought it was one of the most promising projects to emerge from federal research to find new uses for coal. He said experiments could lead to development of a new market for as much as 10 million tons of coal annually. Saylor said recent tests showed that polluted water became clear and free of visible impurities when filtered through a bed of coal.

13 Bus Drivers Are Given Pa. Honors

HARRISBURG (AP) — Gov. Scranton has honored 13 bus drivers that have driven a combined total of more than 11 million miles without a chargeable accident over a period of 234 years.

The 13, who were chosen by their respective bus lines, were presented certificates of recognition by the governor. The governor also used the occasion to compliment the state's bus industry for its contribution to the traffic safety program last year.

Scranton praised the industry for the reduction in fatalities. here by Monroe Bethman of Doylestown, commander of the Pennsylvania American Legion, and Atty. Gen. Walter E. Alesandroni, the Legion's national committeeman from Pennsylvania.

ACCUSE JUDGE OF KANGAROO COURT SESSION

PHILADELPHIA (AP) — The Philadelphia branch of the American Civil Liberties Union has accused county Judge Juanita Kidd Stout of conducting a kangaroo court in juvenile cases.

Spencer Coxe, executive director of the group, made the charge Wednesday after Judge Stout freed a 14-year-old youth charged with making threatening phone calls to her. The boy had promised to help police arrest members of a west Philadelphia gang.

Cleared was Wendel Davis, one of nine youths arrested after Judge Stout had received threatening calls March 16. "A FINE EXAMPLE"

The ACLU had retained attorneys to seek release of Davis and two other youths arrested in the roundup. Judge Stout denied the appeals of Andre Black, 16, and James Bond, 14.

Coxe said Davis was released after it was shown testimony was in error that he had been absent from school on the day of the alleged threatening calls.

"Judge Stout conducts a kangaroo court," said Coxe, "and the case of Wendel Davis was a fine example. She put this boy away without anything that could be reasonably called a hearing. He couldn't testify and couldn't produce witnesses." Davis said he would go with members of the gang control unit of the police department aid division and help them pick up members of the gang.

HELD ON FALSE BOMB REPORT

WASHINGTON (AP) — FBI agents are holding a former Pennsylvania man on charges of making a false bomb report that caused the evacuation of a large area of Washington National Airport Feb. 24.

FBI agents arrested Delbert Kay Santee Jr., 47, a native of Bethlehem, Wednesday at his home in Satellite Beach, Fla. He is a private design engineer at Cape Kennedy and served 8½ years in the Air Force.

The FBI said Eastern Airlines received an unsigned telegram on Feb. 24, saying "some highly explosive material" had been placed in a locker at national airport. No explosives were found.

Worley Opposes Death Penalty

HARRISBURG (AP) — Rep. Francis Worley, R-Adams, called Monday for abolition of the death penalty in Pennsylvania to "eliminate a barbaric law that has no place in our heritage."

"We, the Quaker state, should have been the first to have wiped this law from our books," Worley declared in a floor speech in the House.

"This is a commonwealth founded on the brotherhood of man, the fatherhood of God and with a firm belief that there is some good in everyone," Worley said, adding:

"Now, with this as our background for the administration of law and justice, let us look at our responsibilities as legislators and abolish the death penalty. Let's not have another death warrant signed in Pennsylvania. Let Pennsylvania remember her heritage."

Efforts to abolish capital punishment are promoted every year in Pennsylvania legislature, but never come up for a vote. Few administrators will take a public stand on the issue and few legislative leaders want to see it come up for a vote.

RACE ISSUES TO LINGER ON

PHILADELPHIA (AP) — Former Mayor Richardson Dilworth says America's cities must aim to be the capitals of an urban civilization and must improve their governments to achieve that goal.

Dilworth, now on the president's committee on mass transportation, spoke to some 150 students yesterday at LaSalle college.

He said the country still has "a completely inefficient type of municipal government devised to suit the needs of Queen Elizabeth's England." But he said things would change.

He said the Philadelphia suburban area will soon have a population of five million persons and some day we will have "an area government."

Dilworth predicted that race relations "will be a disturbing influence in any big city for the next 20 or 25 years" and "it will get worse before it gets better."

ASTROS TEST NEW STADIUM FOR 1ST TIME

HOUSTON (AP) — The Houston Astros agree to throw and bat in the new \$31.6-million Harris County Stadium about like it does outdoors.

But catching it can present a problem.

The Astros tested the multipurpose stadium for the first time in force Wednesday with batting practice and an intra-squad game.

During the afternoon batting practice most of the Astros had trouble catching pop and fly balls as the sun penetrated the dome and reflected against the bright center-field seats.

PLAY AGAIN TODAY

Another intra-squad game is scheduled this afternoon as the Astros want to familiarize themselves as much as possible with their new home before they introduced indoor major league baseball with a six-game Friday to Monday exhibition and league opening schedule.

Houston and the New York Yankees open the stadium Friday night.

During the batting practice, the players had trouble tracking the ball against the grillwork of the skylights and girders of the roof.

General Manager Paul Richards and Field Manager Luman Harris both said they felt the matter could be corrected without difficulty.

"IT'S FANTASTIC"

Richards said the lights would be turned on for the intra-squad game this afternoon.

"I think it will be all right," he said.

Many of the Astros wandered around the new stadium like it was a museum.

Catcher Ron Brand called it "fantastic" but he added "it may be hard to catch a fly ball."

BUCKY HARRIS QUITS

PHILADELPHIA (AP) — Walter (Bucky) Harris has resigned as basketball coach at Philadelphia Textile College. Harris, whose team ranked 10th in the nation among small college teams last year, resigned to concentrate on other duties at the school. His job reportedly will go to Jack McKinney, freshman coach at St. Joseph's here.

SIGN TAX AGREEMENT

HARRISBURG (AP) — The state signed an agreement with the federal government today spelling out conditions for an exchange of tax information.

Under the agreement, information on a wide range of taxes would be exchanged, in addition to data on highway condemnation awards, new stock issues and mergers, and unusual tax credits.

'CHUTE JUMP PROVES FATAL

WIESBADEN, Germany (AP) — Maj. Gen. John K. Hester, commander of the U.S. 17th Air Force, died today of brain damage suffered in a parachute jump. Hester, 48, had been in a coma since the accident April 2.

Hester was injured when he landed with a partly inverted chute after jumping from an altitude of 1,250 feet.

Doctors performed emergency surgery to relieve pressure and remove a clot from the brain's surface, but Hester never regained consciousness.

Hester had attended jump school to better understand the Air Force role in providing support for the Army.

The fatal jump was the final one in a series of five.

A native of Plains, Mont., Hester is survived by his widow, Helen, and two children, Virginia and John K. III.

BOYLE'S Grab Bag

By HAL BOYLE

NEW YORK (AP) — It is a tremulous moment when a young actress stands on the threshold of stardom.

Standing there now is Rosemary Forsyth, who is 21, freckled, doesn't wear lipstick or rouge, and looks like a tall blonde goddess.

Will Hollywood open its golden door wide for her? Universal Studio is so convinced Miss Forsyth has star quality that it has signed her to a seven-year contract and given her a year of dramatic training.

"I don't feel like a star, because I'm not one yet," said Rosemary practically. "I don't know whether I'll ever be one. I've never really thought of being a star — just a good actress."

But after seeing the rough shots of Miss Forsyth in her first motion picture role, producer Walter Seltzer immediately gave her star billing with Charlton Heston in another forthcoming film.

"She has a wonderful face — a little like Ingrid Bergman, and yet different, too," he said. Rosemary also looks a little like Grace Kelly, Lee Remick and has something of the tomboy quality of the late Carole Lombard. But because of her quick success she is most often being compared with that old film circle favorite — Cinderella.

GRATEFUL FOR BREAK

"I know some girls work 15 years and never get a break such as I've had," remarked Rosemary, "and I'm grateful for it. But I don't feel much like Cinderella."

Sturdily independent, she has earned her own way since she was 18. Born in Montreal and educated at Stockbridge, Mass., she worked as a camp counselor and file clerk before becoming a \$45-an-hour fashion and television model.

"I never had much of a struggle," she said. "I have lived in some crummy apartments, but I never missed a meal in my life."

"I got an invitation to make a film test after a studio executive saw my picture in Show magazine. I hated fashion modeling, just standing still and trying to look cool and perfect. I'd rather model a potato peeler. At least then you're doing something real. When you peel a potato, you're relating to something."

DESCRIBES HERSELF

Rosemary is 5 feet 9, lithely built, has long tresses and the kind of cheekbones that send cameramen into ecstasies.

Here is the kind of girl she feels she is:

"I'm outspoken, sometimes hypersensitive, terribly romantic. When I walk down the street I'm always dreaming I'll catch some strange man's eye, fall in love with him instantly, then marry him and live with him for 75 years in a big old house and have 17 children."

"But I'm a realist, too. There's always a bit of logic in my head that says, 'That's enough now. Cut out the day dreaming.'"

The average U.S. car contains about 77 pounds of aluminum.

State Orders On Sewage Are Issued

HARRISBURG (AP) — The Sanitary Water Board today ordered Lewistown Hospital, the Chief Logan Joint School District and the Derry Twp. Board of Supervisors, all of Mifflin County, to discontinue discharging raw sewage into state waters.

The board ordered the Derry Twp. Supervisors and the Chief Logan School District to discontinue discharging sewage to Kishacoquillas Creek within two years.

Lewistown Hospital was ordered to discontinue its untreated sewage discharge to the Kishacoquillas within one year.

The board held hearings on the discharges last September.

Air Force Plans Gradual Step-up In Cong Air War

SAIGON, South Viet Nam (AP) — The U.S. Air Force thinks the two-month-old air war against the Communists in North and South Viet Nam has scored some major military successes.

The blueprint for the future clearly calls for a gradual step-up of pressure on the north. Possibly the bomb sights will turn on Ho Chi Minh's laboriously built industries.

Since the first bombs of the current raids were dropped Feb. 7, U.S. Air Force and Navy planes and Vietnamese Skyraiders have poured some 1,400 tons of bombs and rockets into 26 North Vietnamese targets.

PLANE'S LOST

This has cost 12 U.S. Air Force jets, 10 U.S. Navy planes and four Vietnamese air force planes. Five U.S. Air Force pilots, five Navy fliers and two Vietnamese are dead, missing or captured.

All but two of the American and South Vietnamese losses resulted from anti-aircraft fire. Communist planes have been reported in the vicinity of the American raiders only twice, in the past week.

The second time the U.S. Air Force was considerably embarrassed when a handful of outdated MIG jet fighters shot down two F105s and escaped.

AVOIDS RAIDS

The United States has avoided spectacular raids on population

centers to concentrate on military targets that might sit better with world opinion.

Although the first strikes were said to be in retaliation for terrorist attacks on U.S. installations in South Viet Nam, it is now clear that the raids were in the offing even if there had been no such attacks.

"The Communists made our job easier by giving us the excuse," said one U.S. source.

U.S. strategists expect the aerial bombing to slow down supplies to the Viet Cong. Cambodia is now the only place that the Reds can store and mass supplies across the border from South Viet Nam that is not open to air strike.

The air strikes also have a political goal. The U.S. government hopes the Hanoi regime will decide that support of the Viet Cong is not worth the destruction of its own vital installations. Some political sources say the North Vietnamese may be prepared to return to a more primitive economy to keep up the pressure on the south and to expel the Americans from the Indochinese Peninsula.

A high U.S. Air Force source said the majority of the raids on North Viet Nam have had extremely good results. He said American and South Vietnamese losses had not been high considering the targets, the extensive defenses, the number of sorties flown and degree of destruction expected.

Says Germans Will Not Rule Breslau

WROCLAW, Poland (AP) — Soviet Communist party chief Leonid I. Brezhnev declared Wednesday that this former German city of Breslau will never be under German rule again.

"If the West German militarists still seek the Polish territories, we say to them, you will never see them again, just as you will never see last winter's snow," Brezhnev said at a rain-drenched ceremony facing the city's railroad station.

He said the new 20-year Polish-Soviet friendship treaty, to be signed Thursday in Warsaw, would help guarantee Poland's post-World War II frontiers, including the Oder-Neisse territories taken from Germany.

The Oder-Neisse boundary is not recognized as final by West Germany, the United States and Britain.

Ron Perranoski of the Dodgers holds the Michigan State career record for most innings pitched. Between the 1956-58 seasons he worked a total of 213½ innings.

CELTICS AND 76ERS PLAY AGAIN TONIGHT

By C. C. McILLICUDDY
Associated Press Sports Writer
BOSTON (AP) — Most of the attention has been focused on the two big men of the Eastern Division final National Basketball Association playoffs, and justly so, but there has been a tendency to overlook the contributions of the men playing in the corners.

When the series between the defending champion Boston Celtics and the Philadelphia 76ers resumes in Boston tonight, all eyes will be on Celtics' defensive ace Bill Russell and the unstoppable Wilt Chamberlain. But the third game of the best-of-7 series probably will be decided by the other men playing in the corners.

In the first game of the series, veteran forward Tom Heinsohn was the spark who kept the Celtics moving in the early going. He also led a second-half spurt which clinched the victory for Boston.

"OTHERS" MADE DIFFERENCE
Tuesday night in Philadelphia, the "other" men on the 76ers made the difference. Chet Walker had a hot night in the corner, scoring 23 points. And Luke Jackson, who was pretty well bottled up in the opener, broke through to make a big contribution on the boards.

Another tipoff on the way the cornermen are performing is the performance of the "scorer." With Heinsohn, Tom Sanders and Johnny Havlicek making big contributions for Boston scoring star Sam Jones wound up with just 18 points.

At Philadelphia, however, he was forced to do much more shooting. The result was he wound up with 40 points.

PRaise for Russell

Of course Chamberlain has been the big scorer for the 76ers and Tuesday night he did everything else as well. Perhaps the best honor Chamberlain could have received came in the form of praise from Russell, the league's Most Valuable Player.

"The big feller was great, real great out there tonight," Russell said after the game. "I have to say he was fantastic. It was the finest performance he has ever had against me."

"He did something to me. . . that I can't remember his doing for years. He faked me right out of my sneakers. I looked around as I thought he was passing off but he moved up to score. Boy, was it a beauty."

To followers of Russell, considered the game's best defensive player, nothing more need be said about Wilt's performance.

PURDUE GETS GEORGE KING

LAFAYETTE, Ind. (AP) — George King, a .700 winner at West Virginia, moved into a .500 situation as head basketball coach at Purdue and started assessing Boilermaker prospects today.

King, 36, former National Basketball Association player who won 102 games and lost 43 in five years as coach of the Mountaineers, was named to succeed Ray Eddy at Purdue Wednesday night.

Eddy stepped out as coach a month ago after 15 seasons, during which the Boilermakers won 176 games and lost 164. They broke even last season at 12-12 but were only 5-9 in the Big Ten.

King said his contract calls for "more than one year," but its duration and his salary were not disclosed. Eddy's salary was \$15,000 a year.

NOTICES

In Memoriam

BENNETT: In loving memory of my dear husband who passed away 15 years ago today, April 8, 1950.

I do not forget you or do I intend to think of you often and will go on.

Gone and forgotten by some you may be.

But dear to my memory you ever will be.

There is always comfort knowing we will meet again some day.

When all grief and pain is over and the clouds have rolled away.

Planning Commission Is Established In East Berlin

The East Berlin borough council Tuesday night passed a resolution establishing a board of planning commission and a planning commission and at the same time, noted that the planning commission has been functioning for about six months.

The resolution, which provides for a seven member board, grants the commission complete authority in planning matters and empowers it to hire consultants and enter into any agreement which is necessary to carry out the function of a planning commission.

Robert Lau, a council member and a member of the planning commission, reported that at the planning meeting last week, personnel of Buchart and Horn Associates, York, were given permission to make a preliminary report on a master plan for the community. Once the report is submitted and council approves it, Buchart will give an estimate of the cost.

EXPECT FINANCIAL HELP

Under state regulations, the planning commission will obtain several other firms for the same purpose to see what their comprehensive study and costs would be.

Under the plan, the borough would be eligible for a maximum of two thirds of the cost of the master plan study. It would be administered through a state planning agency and the cost would be spread out over three years.

One of the initial projects of the planning commission is an application for funds under Project 70. It was noted that the state has given tentative approval to the application and final application was made at last week's meeting. It was noted that the state will grant the total amount requested by the commission.

SEEK "REC" AREA

The commission is seeking to buy land southwest of the borough in order to establish and maintain a recreation area for the community. Plans are progressing but it will be about three months before it is known whether the lands can be purchased.

PLAN FOUNDER'S DAY

The council passed a resolution

NEW STAMP OUT FRIDAY

The five-cent Appomattox commemorative stamp, the fifth and final stamp in the series marking the Civil War Centennial, will be placed on sale at Appomattox, Va., Friday. The stamp will be available at the Gettysburg post office on Saturday.

The vertical stamp was designed by Leonard Fellman, of Edina, Minn. It will be printed in shades of blue and black, issued in panes of 50, with an initial printing of 115,000,000. Depicted in the design is a silhouette of a soldier and stacked rifles against a blue and gray background.

Collectors desiring first-day cancellations may send addressed envelopes, together with remittance to cover the cost of the stamps to be affixed, to the Postmaster, Appomattox, Virginia 24522. Orders for covers must not include requests for uncanceled stamps and requests must be postmarked not later than April 9.

Assemblyman Francis Worley has submitted a bill to the state legislature asking removal of the Pennsylvania sales tax from telephone bills. He also announced plans to submit a similar bill asking removal of the sales tax from electric bills of homeowners.

Monday Assemblyman Worley spoke in the legislature in opposition to the death penalty.

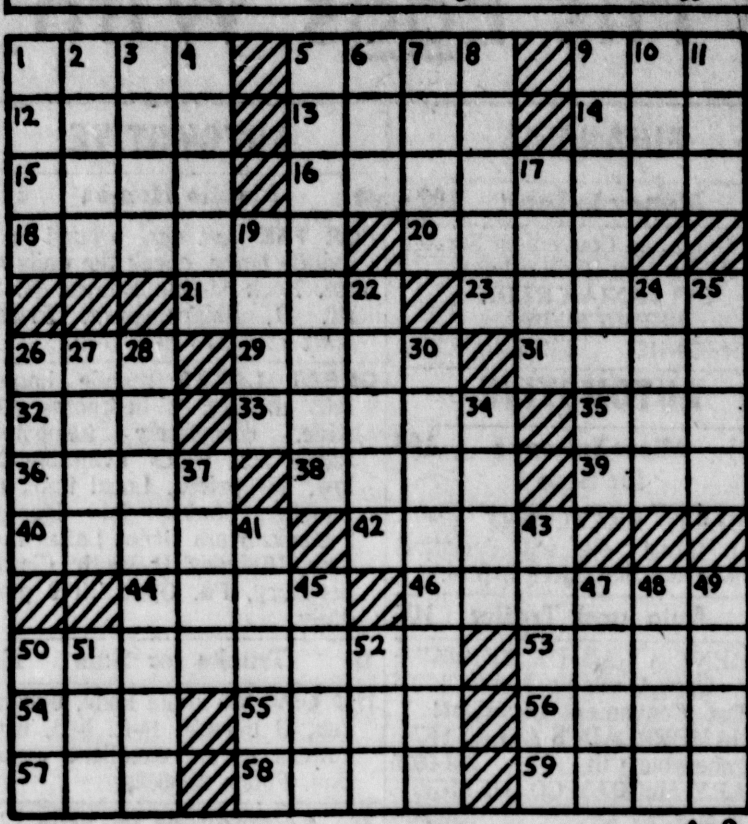

Pvt. Clyde L. Lightner, son of Mr. and Mrs. Paul Lightner, Littlestown, returned early today from Fort Sill, Okla., where he completed six months of active duty in the U.S. Reserves.

of the present high school centers and all of the present elementary schools.

Referring to the assignment of Conewago Twp. and McSherrytown to the Hanover School District under the York County plan, he said: "This is a financial concern to all of Adams County for these two districts represent about 10 percent of the assessed valuation of the county and may reflect upon the establishment of an area technical school and other school expansion. We must admit however that from a socio-economic standpoint and many other valid reasons, this area may be identified with Hanover. It may best serve the interest of children and parents of those communities to be joined with Hanover."

Earlier in his address Mr. Inskip had expressed the hope that Adams County will be able to establish its own technical high school.

TEACHERS' CONCERN

"Professional personnel are concerned about the possibility of the new school board assigning them to other areas of the county in which they have no interest. This is not impossible under the new district but it is difficult to conceive as our present school administrations have had the opportunity to move teacher from building to building in their own district but have not exercised this prerogative. It would seem that any chief school administrator or school board would be taking a very hazardous position by exercising this right. Therefore it would appear that these fears are not valid."

"We hear a great deal about programs and facilities of one school district versus another school district. Every community has a right to be proud of its school facilities for Adams County does not need to take a back seat to any other county. All districts have new buildings and have taken advantage of equipping these buildings with modern furniture, instructional materials and apparatus."

"In the matter of curriculum, our schools have been leaders in many phases of school programs. All schools exceed minimum standards of the Department of Public Instruction. In academic training our schools have ranked with the best. All schools have about the same percentage of its seniors going on to higher learning. All of us are concerned with those who are not college bound. One county wide district should strengthen this concern and give us an opportunity to better meet the needs of all students."

CITES REQUIREMENTS
"Many parents in the area where public kindergartens are now operating as an integral part of the school have expressed concern about the continuation of these facilities. My experience with this facet of education convinces me that this is an integral part of the school program and is as important as any other part of the school curriculum. In dis-

KLAN ATTACKS HOME OF NEGRO IN GUNFIGHT

By BILL CRIDER

BOGALUSA, La. (AP) — A gun duel between civil rights workers and unidentified men erupted early today in this paper-mill town, where national Negro leader James Farmer is scheduled to speak tonight.

Police said their investigation showed a brick was thrown from a car and several shots fired, with no injuries and damage — if any — undetermined.

Civil rights workers, however, described it as a brick gunfight with the Ku Klux Klan.

TWO WAVES OF ATTACKS

William J. Yates of Buffalo, N.Y., a white field worker for Farmer's Congress of Racial Equality, said there were two waves of attackers firing at the house in which he and other CORE workers are staying.

Yates said the attacks stopped after Asst. Police Chief L. C. Terrell, carrying a submachine gun, arrived at the scene with four officers.

Terrell said he was told that a car drove past the residence, owned by Robert Hicks, a Negro, and a brick was hurled at a station wagon parked in the yard. The rear window of the wagon was shattered.

FIRE AT ATTACKERS

Hicks, Terrell continued, fired "a couple of shots" at the fleeing car with a rifle "and they retaliated."

Yates said groups of cars sped past the house, located in a negro section about 12 blocks from the center of Bogalusa, tracts where no public kindergarten exists people have complained about anticipated support. Their concern should be to include this facility for all areas of the county rather than to eliminate it from a particular area. Many families who can afford private kindergarten training for their children are doing so. Why should only those who can afford this service for their children have it available? In the reorganization law, one of the requirements is that all new districts offer a comprehensive program from kindergarten through Twelfth Grade or First through Twelfth Grade.

STAFF OF 500

"On July 1, 1966, when the new school district begins operation we will be classified as a second-class district with a school population of about 10,000 pupils and a total population just under 50,000. The professional staff including teachers and administrators will number about 500. About 150 nonprofessional employees, based on present figures, will be necessary for the operation of the district. In addition, about 100 buses will continue to transport students to present attendance centers. To put this new school district into operation much pre-planning and cooperation will be necessary in setting up the details."

He reviewed organizational procedures set up in the school law for the formation of the new district, including the choice before next January 15 of an interim operating committee by the county's school directors and the duty of that group to elect a superintendent, name the district, prepare its first budget and arrange generally for the beginning of the new district. He described how provision can be for school directors by areas of the county rather than "at large."

As he concluded, he said: "The interim operating committee faces a gigantic task of putting this new school district into effect. The results may well reach into the next century. This board will need the support of teachers, community organizations, school directors and all citizens of the county if it is to be successful."

Governor Declines Committee's Offer

HARRISBURG (AP) — The House Committee on Elections and Apportionment winds up its hearings on reapportionment here Friday and Saturday.

Gov. Scranton Wednesday declined another invitation to testify, but there were indications that several groups would be represented at the finale.

The governor also had been invited to testify at the first of the eight hearings conducted by the Democratic-controlled committee, but declined, contending the reapportionment was the prerogative of the legislature, not the executive branch of government.

More than 225 witnesses have appeared before the committee during the first seven meetings in Harrisburg, Wilkes-Barre, Williamsport, Pittsburgh, Erie, Hollidaysburg and Philadelphia.

Funeral Rites For Scientist Saturday

PHILADELPHIA (AP) — Funeral services will be held this Saturday for Dr. Joseph C. Patrick, whose discoveries led to the production of the first synthetic rubber in the United States.

GOVERNOR'S OFFICE TOO BIG: HOCKER

HARRISBURG (AP) — Rep. Blaine C. Hocker, R-Dauphin, says he believes the governor's office is getting too big and taking on too many responsibilities that should lie elsewhere.

The governor's office, said Hocker, has become "top-heavy on the front end with too few horses in back to push." The remark came Wednesday during hearings on the House Appropriations Committee into Gov. Scranton's proposed \$1.26 billion budget for fiscal 1965-66.

"I have seen the governor's office go from nothing to a big dynasty in two years," declared Hocker.

ASKED NEW POSITION

Triggering the attack was a proposal for an additional \$20,500 to create a new position in the governor's office to handle and control urban affairs.

"This job belongs with the Department of Commerce," Hocker maintained. "It's there now and that's where it should stay in my opinion. Too many things are being put into the governor's office and not enough men are out doing the job. After a while we're going to become a government of governor's office."

Defending the proposal were

Martin J. Brackbill, state budget secretary, and William Murphy, secretary to the governor, who said Scranton considered urban affairs a matter of prime importance in Pennsylvania and therefore felt there should be a position of control in his office.

Wednesday at 72.

During a distinguished career as a scientist, Dr. Patrick had 50 patents to his credit. Following his discoveries of synthetic rubber, he established the Thiokol Chemical Corp. in 1929 in Trenton, N.J., and served as its president and director of research until retirement in 1948. Thiokol is now one of the leading manufacturers of the basic ingredients of solid rocket fuels.

Christ Is Risen--The Easter Story As Told in the Passion Plays

Black Hills--One of the few traveling Passion plays, this one is performed in the summer in South Dakota, in the winter in Florida.

Zion Passion Play--One of the biggest, it plays April through June, attracts thousands from surrounding states.

Oldest Easter Service--The Moravian ceremony, performed since 1772, draws up to 40,000, and 600 musicians.

AP Newsfeatures Writer

Christ is risen. He is risen indeed. These ancient and powerful words epitomize Easter, the most joyous of all Christian

festivals. They are also the central theme of the Passion Plays, an art form of music and drama known in Europe as early as the 13th century. The United States, inheritor of the European culture, has

developed its own plays and special services for the Easter season, and these performances today attract hundreds of thousands of people. There is, perhaps, nothing to compare with the famed eight-hour Passion Play of Oberammergau, first performed in the German village in 1634, but some American productions have achieved a high state of artistry.

LEADING PLAY

One of the leading productions is the Black Hills Passion Play, presented three nights a week throughout the summer at its permanent home in Spearfish, S.D. From February to April the same company presents the play in Lake Wales, Fla., for a total audience of over 100,000.

The Black Hills production is directed by Josef Meier, who also portrays the Christus, a role associated with his family in Germany for many generations. Meier came here from Luene when Hitler banned religious dramas, and first presented a passion play in 1932. Since 1939 its home has been the Spearfish amphitheater.

Another large production is the Zion Passion Play, first given in Zion, Ill., in 1935. The present production, with a cast of 200, is given every Sunday, from April through June, at Waukegan, Ill. The Rev. Jabez Taylor wrote the original production and still produces it. The Christus this year is Everett Schleter, who has had roles in the play since he was a child. In real life, Schleter is a computer engineer and in-

structor in Chicago.

OTHER PRODUCTIONS

Across the nation there are many other exceptional Easter productions. Some of them are: "Pilate's Daughter," given in Boston since 1909. Seven performances during Lent.

The Passion Play of Harrisburg, Pa., now in its 32nd year, given Easter Sunday and Monday. Includes orchestra, organ and choir, a cast of 125.

Moravian Church service at Easter dawn in Winston-Salem, N.C. Presented continuously since 1772, this service draws as many as 40,000 people and 600 musicians of combined Moravian bands.

The 84th annual Messiah Festival at Lindsborg, Kans. The Bethany College Oratorio Society of 500 voices sings Handel's Messiah on Palm Sunday and Easter Sunday, and Bach's Passion According to St. Matthew on Good Friday evening.

ONE-HOUR PAGEANT

"The Road to Calvary" is presented on Easter at Moundville, Ala., by churches of that area, south of Tuscaloosa. The one-hour pageant of 18 scenes is timed to end at dawn.

The 40th annual pageant at Lawton, Okla., will begin at 2 a.m. on Easter and end at sunrise. Last year 8,000 persons watched from the surrounding hills.

"Veronica's Veil" is given every Sunday during Lent by the Passionist Fathers order in Baltimore, Pittsburgh and Union City, N.J.

The 27th Easter pageant will be given Easter morning at the Marion, Ind., Memorial Coliseum. A cast and chorus of several hundred portray Christ's last week.

There are at least two other presentations of note in Illinois. Scottish Rite bodies at Bloomington enact their Passion Play each Sunday, from the last Sunday in March through May, with a cast of 200. An Easter dawn service is held on top of Bald Knob, near Carbondale, at the base of a steel cross rising 111 feet from the hilltop.

Small-size pastry turnovers made with cheese or fish make an excellent hors d'oeuvre. They may be prepared ahead, wrapped appropriately and stored in refrigerator or freezer. When you take the turnovers out of their storage place, put them on foil and heat in a moderate oven.

BOYLE'S Grab Bag

By HAL BOYLE

NEW YORK (AP) — One of life's little ordeals today is having to listen to someone who has given up a bad habit.

Naturally, if you have sworn off sniffing glue, drinking martinis, or chain-smoking cigarettes, you must make your withdrawal pangs public.

The problem in social situations is to grab the conversation at the start. If you don't brag about the bad habit you're throttling, the other fellow will dire tales of his struggles. When you have only a single bad habit and give it up utterly, it is usually replaced by another bad habit. This is known as Boyle's Law.

For example: The two-bottle a day bourbon aficionado remains as shaky as ever, because he gets caffeine nerves from drinking 20 cups of coffee daily.

ALL COMPULSIVE TALKERS

The compulsive smoker becomes a compulsive eater. The compulsive eater becomes a compulsive pill swallower.

And all become compulsive talkers.

If you are restricted to one vice, perhaps it would be wiser to surrender it piecemeal. Mark Twain, an inveterate cigar man who lived into his 70s said he never had any trouble giving up smoking: "I've done it a thousand times."

EVEN BETTER WAY

An even better way, probably, is to acquire a number of objectionable habits and conquer them one day at a time. Here is a suggested schedule:

Monday — give up smoking.
Tuesday — no drinking.
Wednesday — give up poverty.
Thursday — absolutely no gambling.
Friday — give up girl ogling.
Saturday — no fatty foods.

Stiffer Penalties On Cruelty Charges

HARRISBURG (AP) — The house adopted amendments Tuesday making even stiffer proposed legislation designed to toughen punishments prescribed for cruelty to animals under the state penal code.

Rep. Samuel J. Frank, D-Lehigh, one of the sponsors of the bill, drew up amendments that call for a fine of not less than \$20 for a first offense and not less than \$500 for subsequent cruelty offenses involving 10 animals or less.

If you don't mind doing kitchen knife work, hollow out some good size radishes and fill with sweet butter or cheese spread. From the French cuisine comes the combination of radishes and butter.

Now that coffee cans come with plastic covers, save the latter. Use them for resting places for cooking spoons and save yourself from wiping up a counter next to the range or the range itself.

309 Red Guerrillas Are Killed Or Captured In South Viet Nam Battle

By MALCOLM W. BROWNE
SAIGON, South Viet Nam (AP) — South Vietnamese and U.S. forces Wednesday claimed a great success in the first major battle in months in the swampy Mekong delta south of Saigon. They reported 309 Viet Cong fighters killed or captured.

Thirty-five U.S. Navy planes prowled North Viet Nam's vital road artery to the south Wednesday and fired 30 tons of rockets and napalm.

A U.S. Navy spokesman said seven trucks were destroyed and four more were damaged. No planes were lost, and no Communist planes were seen. The Navy planes came from the carrier Coral Sea.

In South Viet Nam, 20 U.S. Air Force F100 fighter-bombers flew 20 sorties in Quang Ngai Province, 350 miles northeast of Saigon, hitting a reported Viet Cong concentration for the second day. A U.S. military spokesman said secondary explosions were noted in the area Tuesday.

MINE ARMORED CAR
An armored car in a train

moving through Quang Nam Province, 360 miles north of Saigon, was mined today. Three government soldiers were killed and six soldiers and a civilian were wounded.

The Viet Cong mined a truck convoy Tuesday in Quang Ngai Province, 320 miles northeast of Saigon, wounding five soldiers. A second convoy was dispatched to pick up the wounded. It also was mined and one soldier was killed and one was wounded.

The U.S. military summary of action in Viet Nam for the week ending April 3 showed a sharp rise in Viet Cong incidents but a sharp rise in casualty figures on both sides.

Incidents dropped from 450 to 290. But on the government side there were 190 South Vietnamese soldiers killed, 385 wounded, nine Americans killed and 33 wounded. Viet Cong casualties were put at 755 dead and 100 captured. The over-all casualty figures were nearly double the previous week.

PRESS STRIKE THREAT ENDS; PACT SIGNED

NEW YORK (AP) — Negotiators for the AFL-CIO Typographical Union and publishers of seven daily newspapers agreed on a contract early Wednesday, easing the threat of another city newspaper strike.

The printers' agreement provides a package increase of \$12 a week over two years — \$1.50 more than had been agreed to earlier by some of the other nine newspaper unions. It is subject to ratification by the printers union membership.

Negotiations with the other unions continued, and a publishers' spokesman said he expects them to accept the \$12 package, which was offered to all.

STRIKE THREAT
Contracts with all the unions expired at midnight March 30, second anniversary of the end of a 114-day newspaper black-out.

The negotiations were at the offices of the Newspaper Publishers Association of New York City, representing the seven newspapers which had been under a strike threat. They are the

Arrest Man, 56, For Raping Girl

WHITEMARSH, Pa. (AP) — Police have arrested Daniel E. Kline, 56, on charges of raping an 18-year-old Conshohocken girl.

Police said Kline, a junkdealer, offered the girl a secretarial job and then allegedly raped her Monday night. He was charged with rape and indecent assault Tuesday. The name of the girl was withheld by police.

Daily News, Times, Herald Tribune, Journal-American, World-Telegram & Sun, Long Island Daily Press and Long Island Star-Journal.

The seven papers have about 17,000 employees. The ITU represents 2,700 printers employed by the papers.

The printers originally demanded an increase of \$15 a week in a one-year contract. The publishers offered \$10.50 a week in a two-year contract. The printers now get \$149 a week base pay for day-shift work, with premium pay for night work. Pay in the industry ranges up to about \$4.50 an hour for top-experience rated editorial members of the Newspaper Guild.

NBC SPECIAL GIVES CALM CRIME VIEW

By CYNTHIA LOWRY
AP Television-Radio Writer
NEW YORK (AP) — "From coast to coast," said Chet Huntley in "Terror in the Streets," Tuesday night's NBC special, "there is a feeling that American cities apparently have turned into jungles."

With that introduction, the television program moved on to a calm, statistical and philosophical analysis of the crime situation which tended to show that things are not as bad as we think they are.

While "crimes against property" — larceny, burglary and auto theft — have indeed increased dramatically, crimes of violence — murder, rape and mayhem — have not shot ahead of the population increase to any great degree, it was stated.

USE FBI REPORTS
The premise leaned heavily on the FBI crime reports for 1963. Among other things it indicated that homicide rates have shown a tendency to drop and that there has been little increase in the number of forcible

rape cases. The program's experts conceded that there has been an increase in teen-age crime, but explained that the postwar baby boom has now developed into an "explosion of youth."

Assorted news pictures of victims were shown, but a Columbia University professor of social science and the head of a correctional organization suggested that the average citizen's anxiety was possibly induced by newspaper headlines, radio and television reports "out of proportion to the problem."

Pictorially, the program generated considerable heat — particularly an emotional interview with the mother of a girl brutally murdered in New York last year. Verbally, it shed a bit of light. But it did nothing at all to alleviate the frightened citizen's apprehension.

MORE SCHOOL BILLS OFFERED IN THE HOUSE

HARRISBURG (AP) — Increased school subsidies and improved salaries for teachers and administrators is the ultimate goal of new legislation now before the house.

Two bills were introduced Tuesday with bipartisan support and the backing of the Pennsylvania State Education Association, State School Boards Association and the Congress of Parents and Teachers.

The subsidy bill would fix the maximum base for subsidies at the statewide average cost or the actual cost per teaching unit

as determined by the Department of public instruction, whichever is less. Present subsidies are based on a \$8,800 reimbursement.

OUT OF LINE
Backers of the bill noted that the average cost to school districts per teaching unit approaches \$10,000 whereas the \$8,800 figure fixed in the 1963 session of the general assembly was considered inadequate even then, although an improvement over the former \$3,850 figure.

The companion bill is aimed at improving the present public school employees salary schedule by adding a ratio feature for administrators and certain categories of teachers, adjusting the program for those lower than the present schedule and compensating on a pro rata basis for teachers who work beyond a 180-day school term.

Recent Snow-Covered Or Dusty Fields Converted Into Slushy Quagmires

By THE ASSOCIATED PRESS

Midwestern fields white with snow a month ago and dusty in one of the worst droughts in history six months ago are quagmires today.

Deep snowpacks and April rains, necessary ingredients for successful growing seasons for farmers, melted in spring warmth and for the next few weeks will be an inconvenience and occasionally a tragedy.

Two persons drowned in Minnesota as springtime floods began.

Murky waters slapped against the sides of homes in isolated sections of the country.

OVER FLOOD STAGE

Flooding struck Cherokee in northwestern Iowa Tuesday as the Little Sioux River went about 10 feet over flood stage, driving 350 persons from their homes.

The river hit a crest of 27.1 feet, causing an estimated \$500,000 damage.

It was the worst flood in the community of 8,500 in 74 years. Flood-control experts said a higher crest could be expected. Mayor Dale Goldie declared an emergency.

More than 250 National Guardsmen helped with evacuations and a precautionary shipment of typhoid vaccine was rushed in.

POLLUTE WATER

At Sioux Rapids, between Cherokee and Spencer, the Little

Sioux flooded the waterworks and reportedly contaminated the water.

The Red Cross sheltered 650 persons from Cherokee, Waterloo and Marshalltown. The flooding affected eight counties.

The Zumbro River rose sharply in southeastern Minnesota. Flood stage is 18 feet, and the river hit 28 feet and was still rising.

Downriver at Thellman, flood stage was 38 feet and the river hit 47 feet.

QUEST 300 FAMILIES

Up to two feet of the flooded Vermillion River in Hastings, Minn., sent nearly 300 families to high ground today. About 35 families were evacuated in Lilydale and 20 at Columbia Flats.

In Illinois, the Mississippi River was six feet above flood level at Cairo.

The Missouri River reached flood stage in Hermann, Mo.

The Osage River neared flood stage in Osceola and Schell City, Mo., and the Sac River was at flood level in Stockton.

High water from melting snow closed three highways in Wisconsin.

James MARLOW Reports

By The Associated Press

By JAMES MARLOW

WASHINGTON (AP) — It is President Johnson who is pleading for a discussion to end the fighting in Southeast Asia, not the North Vietnamese who have been bombed for two months by American planes in an effort to pressure them into seeking peace.

They've endured the battering and given no public indication asking peace.

In making his plea, in a nationwide broadcast from Baltimore Wednesday night, Johnson took a softer line than his administration has been following since Feb. 7 when Red guerrillas attacked an American air base and Johnson ordered bombing.

MOST ON FENCE

This shift in position came one day after The Associated Press reported 50 per cent of the people in South Viet Nam are sitting on the fence, supporting neither their American-backed government nor the Red guerrillas.

In his broadcast Johnson offered \$1 billion in American aid for Southeast Asian economic development, saying he hoped North Viet Nam would join in the cooperative effort as soon as "peaceful cooperation is possible."

The two Republican leaders in Congress, Sen. Everett M. Dirksen of Illinois and Rep. Gerald R. Ford of Michigan, took a dim view of this economic offer from Johnson.

DERIDE SHIFT

Earlier this year, after the bombing of North Viet Nam had begun, they denounced suggestions of seeking peace through negotiations with the Communists. They said such a move would be "running up the white flag."

Wednesday night they derided Johnson's offer of \$1 billion in aid as an attempt to buy peace in Asia.

Johnson's shift of position can be seen by comparing what he and his administration had said before with what he said Wednesday night.

OFTEN REPEATED

After Johnson ordered the bombing to begin Feb. 7, the White House issued a statement which said in part: "The key to the situation remains the cessation of infiltration from North Viet Nam and the clear indication by the Hanoi regime that it is prepared to cease aggression against its neighbors."

Secretary of State Dean Rusk later repeated that position.

Although Secretary of Defense Robert S. McNamara Wednesday said the military situation in South Viet Nam has become increasingly serious this past year, Johnson Wednesday night made this offer:

ACCEPTING OLD APPEAL

"Unconditional discussion" with the North Vietnamese Reds. His aides, who said there was no indication from the North Vietnamese that they would enter into worthwhile discussion, said Johnson meant the United States would talk even with the fighting going on.

In taking this position Wednesday night Johnson was

actually accepting an appeal made April 1 by the heads of 17 nonaligned states for immediate negotiations "without any precondition" for a solution to the war.

At the time they made the proposal Rusk was reported by authoritative sources as informing the group that peace in Viet Nam could be restored "very quickly" if Communist aggression ceased.

50 PCT. UNDECIDED

The only condition that Johnson suggested Wednesday night was that there should be no precondition.

But, while he is seeking to persuade the Reds to start talking, the American government is making great effort to persuade the people of South Viet Nam to support their government, which the United States is fighting for.

The Red guerrillas are estimated to have the support of about 8 per cent of the South Vietnamese, the South Vietnamese government about 40 per cent. That leaves roughly 50 per cent refusing to support one side or the other.

To win them over, this country is distributing 200,000 small transistor radios among them and beaming a barrage of broadcasts at them, which also means propaganda.

This is the situation in South

Youth Face Murder Trials Separately

NORRISTOWN, Pa. (AP) —

Montgomery County Dist. Atty. Richard S. Lowe says three youths charged with the murder of a Glenside grocer last April will be tried separately and in alphabetical order.

The three are, Dave Marshall Brown, 20, of Cricket Ave. near Woodrow Ave.; Ardisley; Michael F. McCaffrey, 19, of Adams Ave. near County Line Rd.; Lacey Park, and Daniel Patrick O'Neill, 19, of Hart St. near Jacksonville Rd.; Lacey Park.

Viet Nam where the struggle has cost about 400 American lives, billions of dollars in American aid, and has been going on with American backing for years.

Johnson Wednesday night said the South Vietnamese masses, like people everywhere, want a good life. He painted the wonders that modern medicine, schools and food could do for them.

There might not now be 50 per cent of the South Vietnamese feeling indifferent if this country had insisted more forcefully long ago, in helping their various governments, that more of the American aid reach these backward people.

PRICE SUPPORT COSTS CLIMB IN PAST YEAR

By OVID A. MARTIN

Associated Press Farm Writer

WASHINGTON (AP) — Costs of farm price support and income stabilization programs financed directly by the Commodity Credit Corporation (CCC) are running about one-third higher than a year earlier.

The CCC reported that it lost \$2,227,013,000 on these programs during the eight months ended Feb. 28, compared with \$1,647,494,000 a year earlier.

But the agency's holdings of surplus farm products under price support programs were down from \$8,061,718,000 to \$7,417,323,000, reflecting reductions in production of surplus crops under CCC payments on idled land.

Payments by the CCC to farmers for cooperating with cotton, wheat and feed grain stabilization programs ran about \$982 million during the period ended Feb. 28. The agency reported it lost \$276 million the sale of farm products for less than cost. It paid \$215 million in commodity storage and handling costs.

The CCC's biggest investment — \$2,138,786,000 — was in wheat. Next was cotton at \$1,968,792,000 and third was corn at \$1,806,631,000.

Wheat is attracting speculation in the Commodity Futures Markets under the government's new wheat stabilization program.

The Commodity Exchange Authority, which guards against undue speculation and attempts to fix prices, reports such trading tripled this marketing year over last.

The Agriculture Department reports gross returns to growers on the 1964 turkey crop was \$376.5 million, a record. This compared with last year's high of \$373.6 million.

Asst. Secretary of Agriculture George L. Mehren says the United States must do a better job in grading wheat for export. Many foreign buyers claim this country is dragging its feet in the matter of offering high quality grain abroad, Mehren told a conference of the National Federation of Grain Cooperatives.

It isn't necessary to peel zucchini squash when you are pan-frying. Just add a little butter, a very little water and salt and white pepper.

NAIROBI, Kenya (AP) —

Kenyan students who returned home from the Soviet city of Baku complained of unbearable racial discrimination, brainwashing and "open hatred" from the Soviet people.

2 Gasoline Bombs Hurlled Into Office

DUBLIN, Ireland (AP) —

Two gasoline bombs were hurled into the headquarters of Prime Minister Sean Lemass' party headquarters in Dublin Wednesday, bringing a touch of old times to Ireland's national elections.

Bright sunshine brought forecasts of a record poll as the voters chose their 143 members of Parliament and the government for the next five years.

The bombs set the door and hallway of the Flanna Fail building blazing but the fire was quickly doused. No one was injured.

FOUR AIRMEN END FIVE WEEK STAY IN 'SPACE'

By RONNIE THOMPSON
BROOKS AIR FORCE BASE, Tex. (AP) — The door of a big simulated space cabin swung open Wednesday for four airmen who existed for five weeks on a chocolate-and vanilla-flavored milk drink diet.

All were anxious for the steak dinner that had been promised them 38 days ago by the Air Force when they entered the steel chamber.

While they lived on a specially fortified diet of the milk drinks, the primary purpose of the experiment was to test helium as a possible component of the air which astronauts may breathe on future excursions into space. This was the United States' second big experiment with a helium-oxygen atmosphere.

COMPLETE DIET

The milk formula, a complete diet, was fed the men to permit exact measurements of how much food each man ate in a day.

Helium replaced nitrogen as a part of the men's breathing material because it does not cause sickness — sometimes known as the bends — when pressures radically change. Pure oxygen has been used on U.S. space flights. The Russians are believed using a mixture of nitrogen and oxygen much like the air on earth.

Airmen 3C Samuel N. Shaw, 18, whose parents are stationed in Berlin, Germany; Richard G. Morris, 21, of North Canton, Ohio; Alan Nagy, 23, of Honolulu, Hawaii, and Edward T. Petrino, 22, of Norristown, Pa.

Two of the five weeks were spent at a simulated altitude of 18,000 feet during which the men breathed 46 per cent oxygen and 54 per cent helium.

Perk up a blue-cheese spread (for crackers) with Worcestershire sauce; the sauce has an affinity for the cheese.

RESTATES U. S. AIM IS PEACE

WASHINGTON (AP) — President Johnson reaffirmed Tuesday night the United States' commitment to "use our sci-

ence and technology only in the cause of peace and in devotion to the vision of man."

The President spoke after he cut a ribbon to open an exhibit of federal science and engineering called "The Vision of Man" at the Museum of History and

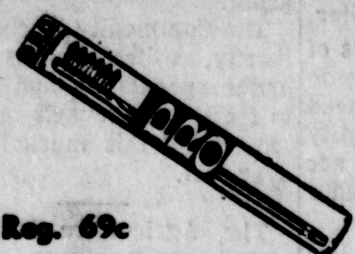

Technology of the Smithsonian Institution. The exhibit will run through mid-May and then go on a nationwide tour to stir up interest in government science careers.

"Science and technology may well revolutionize life on earth, not only for a few nations but for all people," Johnson said.

When you are using egg for thickening, you may substitute two yolks for one whole egg. The yolks give a creamier sauce than the whole egg.

When you are serving stuffed celery as an hors d'oeuvre, have a plate of unfilled celery wedges on hand for those diet watchers.

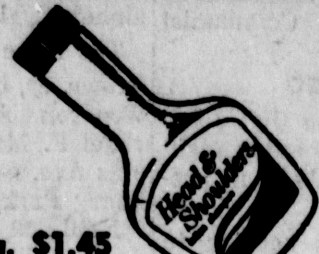

For a pretty vegetable munch or garnish, have pitted ripe olives on hand and insert thin carrot sticks through the holes.

BRITONS GO ON SPREE TO BEAT NEW TAX

By RAYMOND E. PALMER
LONDON (AP) — Britons went on a spending spree Tuesday night to beat the new taxes on cigarettes and liquor. Bars, liquor stores and tobacconists reported: "It's just like Christmas."

It was the country's biggest beat-the-budget fling in 18 years.

Customers lined up at cigarette stores, buying several cartons at a time. Starting today, they cost 76 cents, 7 cents a pack more.

Liquor stores reported a brisk demand for all varieties of spirits. A bottle today cost an extra 36 cents, eclipsing the recent price war cuts.

BEER PRICE UP

Beer in the pubs went up a penny. Road taxes on private cars increased \$7 a year, to \$49. Tax deductions for businessmen's cars were reduced by wiping out the initial allowance of 30 per cent of the purchase price.

The expense account set was hit hard. Deductions for business entertainment was abolished except for "the reasonable entertainment of overseas buyers."

Chancellor of the Exchequer James Callaghan presented the Labor government's first budget Tuesday. It increased taxation sharply to trim the public's spending, cut Britain's overseas investment and introduced a massive tax reform, including a tough attack on capital gains.

RESTORE CONFIDENCE

The object: to restore confidence in the pound sterling, stem the drain on Britain's reserves, reverse the unfavorable balance of trade and help industry expand exports and sharpen its competitiveness.

Callaghan said the tax changes would raise an extra \$607.6 million a year.

A spokesman for the Institute of Directors said: "At a time when Britain needed a highly skilled surgeon, Mr. Callaghan appears in the role of a horse doctor."

In addition to the new taxes, an income tax announced last fall also goes into effect this week.

SAYS SECRETS WERE 'PHONY'

SAN FRANCISCO (AP) — One of the two men accused in an alleged conspiracy to sell defense secrets to the Soviet Union says that a lot of the information he passed the Russians was phony.

The men, former Army buddies, are James Allen Mintkenbaugh, 46, and Sgt. Robert Lee Johnson, 43. They were arrested last Monday, Mintkenbaugh in California and Johnson in Virginia.

A federal grand jury indicted

ment delivered at Richmond, Va., Tuesday charges Johnson and Mintkenbaugh in three counts with conspiring with Soviet agents between February 1953 and December 1964 "To communicate, deliver and transmit to a foreign power" U.S. defense secrets.

Called "LARK"
Mintkenbaugh was asked in a copyright audio-filmed interview over San Francisco television station KPIX whether it was true, as stated by his brother, that Mintkenbaugh had passed "phony information" to the Soviets.

Mintkenbaugh replied: "Well, a lot of it was phony."

Local newspapers quoted Mintkenbaugh's brother, Lyman, Tuesday as saying James' activities were a "lark" and that the Russians had been given "phony information." Lyman said his brother had told him this.

Sails Danish Ketch Through Panama Canal

HOLLYWOOD (AP) — For 40-odd years Alan Villiers has been going down to the sea in sailing ships.

The salty Australian is in port on yet another movie assignment, this time to provide passage for a stellar complement of New England missionaries in "Hawaii."

"The Mirisch people called me at my home in Oxford, England, two and a half years ago," he recounted. "They told me what they needed, and I said to them, 'You will have to go to the Baltic to find ships, strong ships fit for sailing the bloody Cape.'"

He located three sturdy ships in Scandinavian waters, but then "Hawaii" was postponed.

was put in motion. Villiers advised the movie makers not to attempt filming the sailing sequences in the real Straits of Magellan — too foggy, too far from a base of operations. This winter the sequences were shot close to the Arctic Circle.

Meanwhile Villiers had the task of sailing a Danish ketch from the Baltic to Hawaii, leaving the Baltic in the dead of winter.

"It was blowing something terrible," said the captain, "but thank God it was an east wind we could rise. We were five days to Plymouth, another five days to Lisbon and 23 days to Barbados."

THROUGH CANAL

So confident was he that he sailed most of the way through the Panama Canal, against all logic and a few rules. Sailing vessels are supposed to use auxiliary motors through the canal.

A jaunty, balding chap who has never lost his zest for the sea, Melbourne-born Villiers shipped out under sail shortly after the first World War.

PET OTTER HAS ONE-MAN SHOW OF PAINTINGS

By LEW HEAD
SOUTH BOUND BROOK, N.J. (AP) — The creator of abstract paintings on view today at the public library in nearby Cranford likes to put one foot in his mouth and spin like a pinwheel. He also enjoys kicking himself in the head.

Who is this clown? Why, Okefenokee Little Joe Otter, or Okee for short, a 3-year-old otter and the pet of Mr. and Mrs. Luke Wisbeski.

Okee began painting last July, says Mrs. Wisbeski. "I'd heard of a chimpanzee who painted and I thought that if a chimp could paint, so could Okee," she said. "So I bought some finger paints, put them on a sheet of paper and waited."

EFFECTIVE CREATIONS
Okee quickly got the idea. He would come out of his water tank in the basement and start messing with the paints. He'd walk and roll around on the paper, rub his nose in the paint, lick it, slap it with his tail. The effect would be sun bursts, fireworks, jungle-like foliage and other remarkable results.

Mrs. Wisbeski put the paintings in frames made by her husband, a carpenter. The exhibition at Cranford might be deemed retribution for the artist. Last fall the Montclair Art Museum rejected one of the paintings for its annual statewide show. The painting had been entered by a stranger who bought the Okee work but said nothing about the artist.

Since news of that rejection, six persons have bought paintings by Okee, Mrs. Wisbeski said.

A Lovelier You

By MARY SUE MILLER
A lovely asks: What is the value of cucumber in beauty creams? I recently came across a body lotion containing cucumber juice.

Shades of my great-grandmother! She was sold on all sorts of vegetable and fruit compounds for the skin and made them from old family recipes.

The Answer: We moderns are apt to smile at the honey beauty products of bygone years, but some of their ingredients had virtues that are now being rediscovered. Glycerine, a standby at the turn of the century, now has the nod from science for its top-flight moisturizing properties.

As for the cucumber, its juice is soothing and mildly astringent. There are soaps and creams, as well as lotions, which contain cucumber extract.

A homemade cucumber treatment for eye fatigue comes down to me from a long line of users. You might like to try it the next time your eyes look dull and drawn from lack of sleep or from strain.

HOUSE OKAYS KENNEDY BILL AFTER DISPUTE

HARRISBURG (AP)—Despite the opposition of 13 Republicans, legislation to set aside Nov. 22 as John Fitzgerald Kennedy Memorial Day has won approval in the House and is on its way to the Senate.

The measure passed Tuesday 187-13, with the opposition touching off some bitter criticism from Democrats.

"It's an insult to the memory of President Kennedy," declared Rep. Thomas A. Frascella, D-Philadelphia. "What's wrong with those guys."

But Rep. Edwin G. Holl, R-Montgomery, explained his opposition this way:

EXPLAINS STAND

"I don't feel a precedent should be set here which would lead to memorializing late presidents or other figures who are

jelly around the eyes—to lids and circles. Then peel off two slices of cucumber skin, large enough to fully cover the oiled area. The cucumber should be icy cold and all pulp should be scraped from the skin.

Next lie down with feet higher than head, close your eyes and cover with the peels. Fifteen minutes of the treatment will change a dim view into clear-eyed you.

CREPEY THROAT AND CHIN

To firm and uplift sagging facial muscles and flesh, use my four-way method. It works wonders through corrective exercise, posture, skin care and make-up. Procedures are detailed in the leaflet, "BANISH CREPEY THROAT AND CHIN."

Hubby Takes Wife Shopping On Bike

SPRINGFIELD, Ohio (AP)—When Mrs. Eva Whipp wants to go to the market, her 88-year-old husband takes her — on his motorcycle.

Mrs. Whipp, 72, rides in a side car on the 1946 motorcycle. The Whippes have been whipping around on motorcycles nearly all their married life. He's never owned a car.

"In 1934 a fellow gave me a car," Whipp says, "but I sold it. 'I told him motorcycles were still in style.'"

For Whipp, they still are.

In 1946, when he was 71, Whipp piled his wife and daughter in the sidecar and set out to the state of Washington. He figures it cost only \$183.25 for the 5,375-mile trip.

Whipp says he's been riding a motorcycle since 1913 and he thinks they're safer than automobiles.

In 51 years, he's had only one cycle accident. That was three years ago when the sidecar brace gave way and flipped him and the motorcycle into a car. But neither he nor the cycle were seriously hurt.

Since 1929 the only May foals to win the Kentucky Derby were War Admiral in 1937, Johnstown in 1939, Iron Liege in 1957 and Northern Dancer in 1964.

dead or assassinated. I feel the proper place for such legislation is Congress."

Rep. Ford O'Dell, R-Erie, said he was "sick and tired of Philadelphia Democrats always trying to ram Kennedy down our throats."

The bill would require the governor to issue a proclamation each year on the anniversary of Kennedy's assassination. . . "calling on officials of local and state government to display the flag on all government buildings."
